

## LED bulb light HLD-250 send board machine LED assemble machine for pcb

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Eton
- Certification: CE CCC ISO
- Model Number: HLD-250 send board machine
- Minimum Order Quantity: 1 unit
- Packaging Details: Wooden box package
- Delivery Time: 30 work days
- Payment Terms: T/T

## Product Description

### HLD-250 send board machine

#### 2: Technical parameters

Item	HLD-250 send board machine
Dimension	L1100*W780*H1200±30mm
Frame	Special aluminum profile guide rail and special thousand bird type plastic chain
Lift	90W Taiwan brake motor drive uses ball screw to make Magazine stepping up and down
Transmission motor	Taiwan 15W fixed speed motor
Structure	Pneumatic clamp structure
Magazine Specifications	L355*W320*565mm
Maximum size of PCB	L330*W250
Direction	Right to left / left to right
Lift platform pitch selection	10,20,30,40
Transmission height	H=920±30
Controller	Mitsubishi PLC programmable controller
Function	Automatically send board
Operation control panel	Display control true color touch screen
Pneumatic Components	Push plate cylinder position, adjusted by screw
power supply	220V 50HZ
No. of Full load storage board	50 PCS
Gas source	0.4-0.6MPa
Electric control box	1 set

#### Company information

Shenzhen Eton Automation Equipment co., LTD. is a professional manufacturer of pick and place machine. Our company independently research, development, design and manufacturer a set of high -speed good quality SMT pick and place machine. And we received a number of patents issued by the state certificate and support. Nowadays, we have served many

The collage displays a wide array of certification logos and certificates. On the left, there are numerous small logos for various standards and organizations, such as ISO 9001, ISO 14001, and others. In the center, there are larger certificates from organizations like SIRA (Singapore Inspection and Rating Agency) and others, showing detailed information about the certification process and the certified entity. On the right, there are more logos, including those from the Chinese government and other international bodies. The overall layout is a grid-like arrangement of these various certification-related images.
