

0.5 m smt production line dual-track conveyor

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC
- Model Number: ET-DC500
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden case
- Delivery Time: 4 weeks after payment
- Payment Terms: T/T, Western Union
- Supply Ability: 50 sets per month

Product Specification

- Application: SMT Production Line
- Width Adjustment Range: 50 390
- Transmission Height: 920±20
- Motor: Two Sets Of Stepper Motors
- Control: Industrial Control Panel

Product Description

Standard: 0.5m dual-track Conveyor ET-DC500

About us:

Shenzhen ETON automatic equipment co.ltd is a new manufacturer of patch technology equipment established in 2011. We established a research and development center before the establishment of the company to carry out LED special placement machine technology and patent research and development. In 2008, we established Hong Kong Hongyitong Group Co., Ltd. In 2009, the first group group ET-12.ET-51 series began to sell, and obtained 4 inventions and utility model patents.

Apply to:

Conveyor ET-DC500 suitable for smt production line, it is important for connection between machines.

Technical parameter:

Steel frame structure, rail length	L=500
Width adjustment range	50 390
Transmission height	920±20
Transmission	7MM flat belt conveyor
Speed	Adjustable from 0.5 to 9 m/min
Motor	Two sets of stepper motors
Control	Industrial control panel
Transmission Direction	Single(left→right or right→left)
One section of control, two Sensors	
Set of electric control box	

Features:

- 1.Suitable for max pcb size 500*390, min size 50* no more than 500 mm.
- 2.There are two sets of stepper motors.
- 3.There are two sensors, one section of control.

Pay attention:

1. Make sure that there are no foreign objects in the transport parts, belts, pulleys and transport guides to ensure smooth and smooth transportation.
2. Regularly refuel the transmission part and the rack or the widening screw. The refueling must be executed in the stop state.
3. In case of power failure, immediately turn off the main power switch of the equipment.
6. Above no abnormal class boot preparation work

Exhibition:

We are highly valued the participation in the industry exhibition, and active in the led light show, such as Thailand led lighting exhibition, Turkey Istanbul lighting exhibiiton, India Dehili lighting exhibition, Guangzhou exhibition, etc.

Exported:

- 1.We have much experience in exported market, we got a large maket share on India, Egypt, Vietnan, Korea, Turkey, Tunisia more than 20 countries.
- 2.We are high-tech company with CCC, CE, SIRA.
- 3.Honours client: Konka, Sansi, Unistar, Rk, Surya, Calcom, Skayquird, Fawanis, and so on.

Cooperation:

Our company sells many types of smt machine, please contact us if you are interested.
