

Pick and place Automatic Pcb Loader Machine, Cheap New Pcb Loader Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC
- Model Number: ET-L250
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden case
- Delivery Time: 4 weeks after payment
- Payment Terms: L/C, T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: Loader Machine/sent Board Machine
- Brand: ETON
- Apply: Smt Line
- Max Pcb Size: 250*330 Mm
- Lift Platform Pitch Selection: 10 20 30 40
- Transmission Height: H=920±30
- Highlight: **high speed led mounting machine, smt assembly machine**

Product Description

ET-L250 send board machine

We are the manufacture of smt machine, our main product is mounter machine, also provide loader, unloder, reflow oven , solder printer, etc. We can provide a production line of led smt machine.
We have very rich export experience , so far, we have exported more than 20 countries, such as India, Egypt, Turkey, Thailand, Vietnam,Korea, and so on.
We are hightech enterprise, with ccc, sira, ce, 9 invention patents, ans so on.

Application:

Loader machines are used to load the PCBs for the next stage of assembly, where it moves to the printer. Loader machines ensure that the PCBs are loaded without any misalignment, and a regular check is maintained when it comes to orientation and contamination, thus ensuring high productivity and yields.
ET-L250 send board machine is apply to smt production line, it can send board fully automatic. Also it is very suitable for automatic smt production line, achieve unmanned production.

Parameter:

Item	ET-L250 send board machine
Structure	Pneumatic clamp structure
Magazine Specifications	L355*W320*565mm
Maximum size of PCB	L330*W250
Direction	Right to left / left to right
Lift platform pitch selection	10,20,30,40
Transmission height	H=920±30
Controller	Mitsubishi PLC programmable controller
Function	Automatically send board
Pneumatic Components	Push plate cylinder position, adjusted by screw
power supply	220V 50HZ
No. of Full load storage board	50 PCS
Gas source	0.4-0.6MPa
Electric control box	1 set

Details:

- 1..Lift: 90W Taiwan brake motor drive uses ball screw to make Magazine stepping up and down
- 2.Frame: Special aluminum profile guide rail and special thousand bird type plastic chain
3. Operation control panel:Display control true color touch screen
- 4.Transmission motor: Taiwan 15W fixed speed motor
