

Smart Feeder Pick And Place Machine Good Stability Visual System 1 Year Warranty

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Price: FOB USD 49000~59000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 work days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: Pick And Place Machine
- Dimension: 2550*1650*1550mm
- System: Windows7
- Software: R&D Independently
- Warranty: 1 Year
- Speed: Speed
- Power Consumption: 4KW
- Total Weight: 1250kg
- Highlight: **high speed led mounting machine, smt assembly machine**

Product Description

High Accuracy High-precision Stable High Speed led pick and place machine

To meet the production capacity is low, but need to mount tubes of single module group customer design magnetic linear motor multifunctional pick and place machine multifunctional high-speed placement machine, can satisfy a variety of production requirements, cost savings and can meet the production requirements, use the linear motor, improve wear resistance, stability and precision machines and guide the bidirectional transmission, convenient adjustment of production space, adopt touch display, convenient and quick.

Product details

1. Suitable for different specifications of feeder: 8mm, 12mm, 16mm, 24mm electronic feeder.

2. Precision camera visual recognition system

Exclusive patented technology: flight identification visual alignment, Mark calibration, 2 sets of imported identification cameras, ensure mounting accuracy, improve mounting stability and speed, greatly improve production efficiency.

3.PCB bottom support system

In order to avoid deformation or bending of PCB board due to excessive pressure during mounting, support PCB board with thimble or ejector rod to protect PCB board and ensure mounting effect.

4. Support multiple feeders

Coil belt type, tray type, short belt type, vibrating type feeder, meet the more component supply.

5. Mounting of various components

Various kinds of lamp bead mounting, capacitive resistance IC mixed mounting, IC multi-angle mounting

packing	
1. Filming packing	Make the machine sanitary, clean, sealed packaging, dust and humidity; have good shock resistance, impact resistance, and good protection performance with tightness and fixity.
2. vacuum packing	Advantages of moistureproof, dustproof and so on
3. wooden packing	It has good cushioning performance, corrosion resistance, high strength and hygroscopicity, moisture-proof and earthquake-resistant functions.

After-sale Service

Before buying machine

- 1) Professional sales manager of LED SMT machine, provide professional suggestion and service to you .
- 2) 24 hours online service and technical support, solve your questions quickly.
- 3) Sound company organization and working system, guarantee you a fast delivery.
- 4) Design and provide the whole SMT processing lines for you based on your budget , workshop covering area with best prices.

Iwe will send our engineer to your factory to install machine and training freely.

IWe have service office in india,and have indian engineer in delhi and mumbai.Can support quickly.

IStandard warranty is one year,during warranty,any parts need to be repaired and replaced will be free.

Remarks:

1. Payment terms: Deposit 30% in advance,the balance 70% should be paid before shipment by T/T.
2. Delivery time: 30 days after deposit.
3. Warranty: 1 year.(including spare parts)
