

Automatic Pick And Place Machine Led Bulb High Precision 5KW Power 380AC 50HZ

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,SIRA,CCC,ISO
- Model Number: HT-XF
- Minimum Order Quantity: 1 set
- Price: EXW USD 75000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 days after deposit
- Supply Ability: 50 sets per month

Product Specification

- Name: Pick And Place Machine
- Warranty: 1 Year
- Dimension: 2700*1900*1530mm
- PCB Thickness: 0.5~5mm
- Total Weight: 1300kg
- PCB Size: Max330*1200mm
- Power: 380AC 50HZ
- Power Consumption: 5KW
- Highlight: high speed led mounting machine, smt assembly machine

Product Description

led bulb cheap Automatic High Precise High Stability pick and place machine

HT-XF Dual-purpose LED professional high speed pick and place machine, XYZ axis controlled by imported panasonic servo motor, wear resistance and deformation, high stability; Transmission direction from left to right, from right to left, direction adjustment without moving the machine; Apply to the 0.6m,0.9m,1.2m LED rigid PCB and 0.5m,1m flexible strip; PCB board adopts pneumatic fixing method of adjustable pressure, which makes mounting more accurate and stable, and reduces material throwing. 34 feeder station, 34 mounting heads, faster , higher productivity.

Features

Apply to the 0.6m,0.9m,1.2m LED rigid PCB and 0.5m,1m flexible strip.

17 nozzles for each mounting module,part A or B can be mounted separately synchronously.

Exclusive patent technology:group to pick and group to mount

HT-XF
HT-XF adopts exclusive patent technology:group to take and group to mount,the capacity reach 170000CPH.There will be no throwing in production, which greatly improves work efficiency.
nozzle design: while working, the mounting speed reach 170000 CPH
Automatic Leakage Detection System,Automatic Fittings Function,English operating system, easy to understand and learn.
5sets of imported camera,vision alignment and mark correction,mounting precision reach 0.2mm
Apply to the 0.6mm,0.9mm,1.2mm,LED rigid PCB and 0.5m,1m flexible strip.
17 nozzles for each mounting module ,part A or part B can be mounted separately or synchronously.
Exclusive patent technology:group to pick and group to mount

LED BULB PCB PRINTING MACHINE

Company information

Shenzhen Eton Automation Equipment co., LTD. is a professional manufacturer of pick and place machine. Our company independently research, development, design and manufacturer a set of high -speed good quality SMT pick and place machine. And we received a number of patents issued by the state certificate and support. Nowadays, we have served many factories and enjoyed good reputation.

After-sale Service

we will send our engineer to your factory to install machine and training freely.

We have service office in india, and have indian engineer in delhi and mumbai. Can support quickly.

Standard warranty is one year, during warranty, any parts need to be repaired and replaced will be free.

Packaging & Delivery

Our mode of transportation including water, land and air transportation. You can choose the most suitable way according to your requirements.

Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
