

Automatic 0201 Industrial Lamp Pick And Place Machine Touch Screen Monitor Display

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC CE SIRA
- Model Number: RT-1
- Minimum Order Quantity: 1
- Packaging Details: wooden case
- Delivery Time: 30 days after pay
- Payment Terms: L/C, T/T
- Supply Ability: 50 set/month

Product Specification

- Name: Pick And Place Machine
- Module: RT-1
- Warranty: One Year
- Service: Free Install And Training
- Max Pcb: 400*350 Mm
- Highest Components: 25 Mm
- Apply: Pcb Line
- Product: Led Bulb, Dob, driver, Electrical Board, Display, etc
- Highlight: **high speed led mounting machine, smt assembly machine**

Product Description

Pick and place machine for LED Driver

LED Driver

What is LED Driver ? LED constant current drive. Because LED is a semiconductor device with sensitive characteristics and negative temperature characteristics, it is necessary to stabilize its working state and protect it in the application process, which leads to the concept of driving. LED devices are nearly demanding on the driving power. Unlike ordinary incandescent bulbs, led can be directly connected to 220V ac mains. LED is 2~3 volt low voltage drive, must design the complex transformation circuit, different USES of LED lights, must design the complex transformation circuit.

What is components on the Led driver

There will be LED, capacitors, Resistors, Ic.

Pick and place machine

For make LED driver, the most important machine is pick and place machine. The function is pick the component and mount on the PCB.

Pick and place machine apply to many kind of industry. Like the led tube, display, electrical products, DOB, led driver, etc.

ETON pick and place machine details

ETON pick and place machine famous as the high quality products. There are some details about RT-1 module:

Dimension:1104*1584*1655 mm

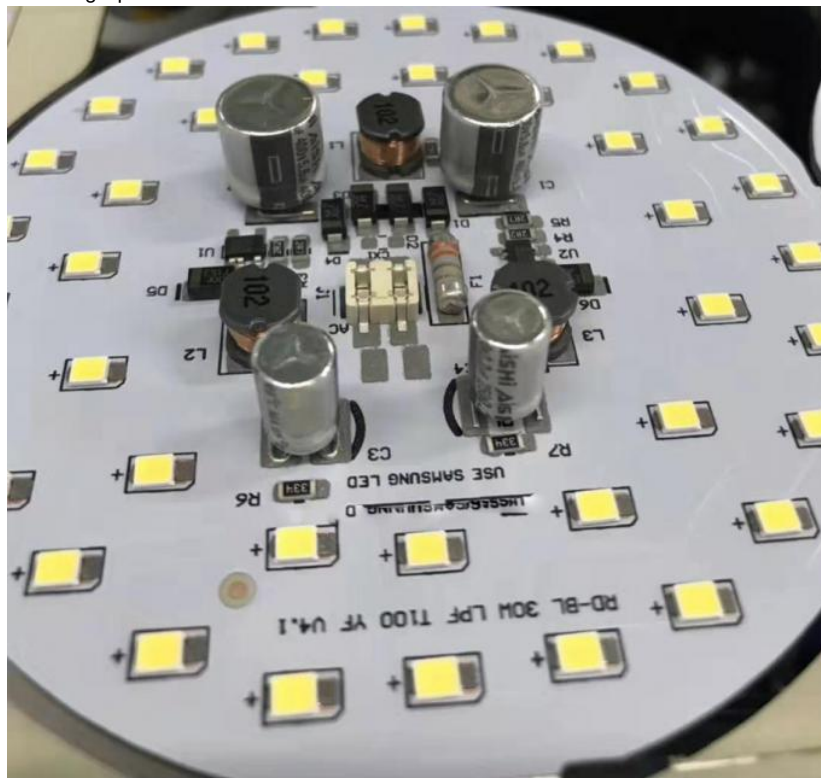

PCB: Max 400*350 mm, Min 50*50 mm

Mounting mode:Group picking and separate placing, separate picking and separate placing.

Display:Touch screen monitor

Mounting Height:no more than 25mm

Mounting Speed:30000-35000 CPH

Pick and place machine for DOB
