

Large Tube Shaped Components Led Pick And Place Machine 200000 Cph Capacity

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC CE SIRA
- Model Number: HT-F9
- Minimum Order Quantity: 1
- Packaging Details: wooden case
- Delivery Time: 30 days after pay
- Payment Terms: L/C, T/T
- Supply Ability: 50 set/month

Product Specification

- Name: Pick And Place Machine
- Module: HT-F9
- Apply: Smt Line
- Suitable For: Tube.panel, Strip Light
- Capacity: 200000 Cph
- No.of Nozzles: 68 Pcs
- No.of Heads: 68 Pcs
- Service: Free Install And Training
- Highlight: surface mount machine, smt chip mounter

Product Description

F9 Pick and place machine for led light with 200000 CPH

Pick and place machine HT-F9

HT-F9 is the new supper high-speed pick and place machine. Apply to the 0.6m,0.9m,1.2m rigid PCB and 0.5m,1m LED flexible strip

Dimension(L*W*H): 2700*2120*1550 mm

PCB Length Width: Max:1200*330 mm, Min:80*330 mm

No.of nozzles: 68 pcs

No.of feeder station: 68 pcs

Mounting Speed: 200000 cph

Components: LED 3014/3020/3528/5050 and resistor,capacitors,bridge rectifiers

SMT Line

For produce led light, there are not only pick and place machine, but also need prepare other smt machines, like the conveyor, stencil printer, reflow oven.

For more clients convenient, we support whole line smt machines with factory price and good quality.

Function of pick and place

Put the printed FPC on the jig and transfer it to the placement machine through the automatic board feeder for placement. The program of the placement machine is prepared in advance. When the machine recognizes that there is a board, it will automatically pick up the material for placement. The first board to be mounted should be inspected for the first piece, mainly to check the specifications of the components, the placement position, the polarity of the components, the presence or absence of missing stickers, multiple stickers, and whether the printing of solder paste is suitable.

As long as there is no problem with the mounting of the first board, the subsequent production will be very stable.

Clients

ETON pick and place machine exported more than 20 countries, like the India, Vietnam, Korea, Germany, Turkey, Egpyt,etc. We have office in India and Turkey. Support free install and traning.
