

smt pick and place machine,high speed pick and place machine,magnetic linear motor,smt mounting,smt production line

Basic Information

Place of Origin: china
Brand Name: eton
Certification: ccc,ce,sira
Model Number: ht-x9
Minimum Order Quantity: 1 unit

• Price: \$ 95,000 /unit

Packaging Details: Waterproof material packing and wooden

case

Delivery Time: 30 work daysPayment Terms: L/C, T/T

Supply Ability: 80 units per months

Product Specification

Pcb Size: 250mm*any Length

• Pcb Clamp;ing: Adjustable Pressure Pneumatic

System: Windows7

Software: R&d Independently
 Display: Touch Screen Monitor
 Input Device: Keyboard,mouse

• No. Of Camera: 5

• POWER: 380AC 50HZ

• Power Consmption: 6kw

Mounting Mode: Group Take Cent Stick, Cent Take Cent Stick

Components Space: 0.2mm
Feeders Stations: 64PCS
Nozzles: 64PCS
Mounting Speed: 200000CPH
Mounting Height: 13mm

product details

HT-X9 is dual-arm magnetic levitation LED high speed pick and place machine.the capacity reach 200000CPH.lt is Suitable for 0.5M,1M Strip, Tube and Panel Light.it can mount LED 3014/3020/3528/5050 and resistor,capacitors,bridge rectifiers,etc.

product Technical parameters of high speed pick and place machine

Model number	HT-X9	
Dimension	2450*2100*1550mm	
PCB size	250mm*any length	
PCB thickness	0.5 1.5mm	
PCB clamping	adjustable pressure pneumatic	
mounting mode	group to take and group to mount	
system	windows 7	
display	touch screen monitor	
input device	keyboard,mouse	
NO.of camera	5 sets of imported camera	
mounting precision	±0.02mm	
mounting height	<13mm	
mounting speed	200000CPH	
components space	0.2mm	
NO.of feedings station	64pcs	
NO.of nozzles	64pcs	
power	380AC 50HZ	
power consumption	6KW	
operating environment	23 ±3	
conveyor transmission	any length	
transmission speed	>500mm/sec	
transmission direction	single(left→right,right→left)	
transmission mode	online drive	
position mode	optical	
Air Force	0.5mpa	
electrical control	independent research and development by ETON	
motion control card module 1set	independent research and development by ETON	

X.Y axis drive way	high-end magnetic linear motor+servo motor
feeding way	electric feeder with double motor

Business terms of smt mounter

Accepted delivery terms	EXW, FOB, CIF, CFR	
Accepted payment currency	USD,CNY	
Accepted payment type	L/C, T/T	
Nearest port	Shenzhen	

product parts of smt mounter

- ♦ Mark camera from HK vision
- ♦ Grating scale from Renishaw,UK
- ♦ Pneumatic components from SMC, Japan
- ♦ Drag chain from IGUS, Germany
- ♦ Transport guide from Hiwin, Taiwan
- Linear motor from Israel technology
- ♦ The host computer from EVOC
- Sensor from Beckhoff ,Germany
- ♦ The software is self-developed

Packing & delivery of smt mounter machine

The packing The port	vacuum packing and wooden case Shenzhen	packing	1
The delivery	Delivery within 30 days after payment	&	
The transport	Transshipment and partial shipment are negotiable	shipping

product services of smt pick and place machine

Before buying our machine:

- We have a professional sales manager to provide you with professional advice and services.
- We provide 24-hour online service to solve your problem quickly.
- We will specify the production plan for you according to your budget.

After buying our machine:

- 1 year free warranty.
- Visit customers regularly and gather information.
- Provide latest information about technology and equipment.
- Software updates are free for life.

Company profile

Shenzhen ETON automation equipment co., LTD., founded in 2011, is a company dedicated to SMT high-speed placement machine research and development, production, sales and after-sale technical services integrated national high and new technology, the double soft enterprise. The company always adhere to the "create national brands, to build international enterprise in China" goals, is committed to providing customers with "professional, efficient, low consumption" fully automatic SMT placement machine.ETON mission: professional, excellent technology, sharing the results.

ETON's purpose: to create value for customers, creating benefits for society.

ETON vision: determined to become the world's most competitive manufacturer and service provider of pick and place machine and high-end electronic testing equipment.

Quality principle: quality first, client-oriented, continuous improvement!

Management policy: sincere business, focus on R&D, manufacturing intentions, considerate service, customer trust.

Our Our certificates and certifications

The company has independently developed a number of intellectual property technologies, including 9 invention patents, 112 practical patents and 12 software Copyrights. Successively obtained "Shenzhen high-tech enterprise", "national high-tech enterprise", "Shenzhen TOP brand", "2015 LED technology innovation award", "industry special contribution award", "the 4th China LED first innovation award", "industry special contribution award", "double soft enterprise" and so on.

Higher precision,
faster speed,
independent research and development,
in China supplier ETON!

Industry related knowledge

The dispenser is also called glue coating machine, glue dropping machine, glue beating machine, glue filling machine and so on, specially controls the fluid. And the fluid drip, coated on the surface of the product or the product inside the automatic machine, can achieve three-dimensional, four-dimensional path dispensing, accurate positioning, accurate control glue, no wire drawing, no leakage glue, no drop glue. The dispenser is mainly used for glue, paint and other liquid precision points, injection, coating, drip to each product precise position, can be used to achieve dot, line, circle or arc type. If there are no bubbles in the process of product filling, a vacuum perfusion system is needed

If the liquid has additives or needs to be combined with vacuum defoaming, the barrel should be equipped with an electric

The temperature control system should be installed in the barrel or pipeline when the operation is affected by the temperature change.
