

HT-F9 68 feeders 6KW 200000 CPH Led Pcb Making Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC
- Model Number: HT-F9
- Minimum Order Quantity: 1
- Packaging Details: Wooden case

Product Specification

- Name: Pick And Place Machine
- Application: Led Lighting And Electrical Board
- Capacity: 200000 CPH
- Brand: ETON
- Components: LED, Resistor, Capacitor, ic, shaped Components.
- Warranty: 1 Year
- Highlight: **6KW Led Pcb Making Machine,
200000 CPH Led Pcb Making Machine,
68 Feeders Smt Assembly Equipment**

Product Description

Pick and placement machine smt led pcb making machine

Pick and placement machine

Pick and placement machine also called smt machine, chip mounter, placement machine. Its function is using heads and picking the components, like the common led chip, ic, capacitor, etc and placement in pcb, our pick and place machine is totally automatically.

Machine features

HT-F9 is fastest led pick and place machine in China, HT-F9 is new upgrade base on the old module HT-F7, there are 68 heads and 68 feeder station, adopt group picking and group mounting, its speed can be reach 200000 CPH.

Machine parameter

Here are F9 parameters

From Dimension:
2700*2300*1550 mm

From PCB Sizes:
Max PCB size is 1200*330 mm
Min PCB size is 100*100 mm

From Operating system:
Windows7 system, R&D software, Touch screen monitor.

From speed:
68 feeders and 68 nozzles, 200000 cph

If you want to have much machine parameter, please sent our inquiry.

Led lighting products show

F9 apply to 1.2m tube, 0.5m or 1m strip light, normal panel light, etc. Here are some products picture show.

Strip Light

Panel Light

Tube Light

Related machine show

In the smt line, there are not only one pick and place machine, also other related machines, like the stencil printer, dispenser, reflow oven, etc. Here are the related machine show:

High Speed Pick And Place Machine

Multifunctional Pick And Place Machine

SMT Machine

Free install and training

Someone might be want to ask will the machine is hard to using for normal workers? To be honest, our machine is really very easy to operate, usually several days for training is enough. If you buy our machine, we will sent engineer to your factory for free install and training.
Choose our machine, sent you free install and training!
