## Product Description

### DOB bulb smt machine

#### DOB Lighting

Calling DOB de-powered, it seems that with DOB, no power is needed. In fact, it is impossible for any LED lamp to light up without power supply, so it is absolutely impossible to go to the power supply. Only after putting the power supply on the aluminum substrate, it looks like the external power supply with the shell has been removed, but it is definitely not the power supply! But put the power supply on the aluminum substrate

#### Machine features
