

34 Heads Flexible Strip Led Chip Mounter 200000CPH

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC,SIRA
- Model Number: HT-X9
- Minimum Order Quantity: 1 set
- Price: EXW USD 78000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: Pick And Place Machine
- Feeders: 68 PCS
- Components: LED 3014/3020/3528/5050 Resistor Capacitors
- Nozzles: 68 PCS
- Speed: 200000CPH
- PCB Size: 250mm*any Length
- Warranty: 1 Year
- Highlight: **Flexible Strip Led Chip Mounter, Led Chip Mounter 200000CPH, 34 Heads SMT Placement Machine**

Product Description

full automatic flexible strip light led chip mounter SMT placement machine

Details

1. HT-X9 is specially designed for the LED industry; Dual arm magnetic linear led high speed pick and place machine ,capacity reach 200000CPH.
2. Application: apply to the 0.6m, 0.9m, 1.02m LED rigid PCB and 0.5m, 1m flexible strip.
3. 34 heads group to take and group to mount, with a capacity of 200000 CPH
4. Effectively improving the accuracy and efficiency of mounting;
5. Saving a lot of labor costs, stable use, simple operation, is a fully automatic mounting machine with high performance-price ratio.

Features

Good durability

Using High Stability magnetic linear Motor, mounting stability .
The wear resistance of screw rod is not easy to deviate and has high accuracy.
The guide rail has strong bearing capacity and high stability.
High-quality hardware configuration for 24-hour machine operation.

High capacity

Double arm alternate mounting maximizes time utilization, 34 heads and 68 feeder designs enable mounting speeds up to 200000CPH

auto-adjust function

Automatic adjustment of the guide rails to improve work efficiency and portability without manual
According to the thickness of the board, it can automatically adjust the height of the top board to ensure the flatness of the PCB board.

Easy to operate

Simple programming, easy to understand and easy to learn, with independent research and development software, free upgrade forever, professional installation and training

Advantages

1. Vision system: vision alignment ,mark correction with 5 sets of imported camera.
2. Dual module professional mounter, 17 nozzles for each mounting module.
3. Fully automatic feeder feeding system to ensure the accuracy of placement speed machine placement machine.
4. XYZ axis by servo motor to drive ,Ensure that the machine can run at high speed for 24 hours.

LED BULB PCB PRINTING MACHINE

HT-X9		
PCB	PCB length width	Max:350*1200mm min100*100mm
	PCB thickness	0.5~5mm
	Mounting mode	Group to take and group to mount
O.S.	system	Windows 7
	software	R&D independently
Vision system	No.of camera	5 sets of imported camera Vision alignment, mark correction
	Mounting precision	0.02mm(repeat precision)
	Mounting speed	200000CPH
	Components	LED 3014/3020/3528/5050 and resistors, capacitors ,bridge rectifiers.
	Components space	0.2mm
	No.of feeders station	34PCS
	No.of nozzles	68PCS
	Power	220AC 50HZ

Power consumption	6KW
Electrical control	Independent research and development by ETON
Motion control card module 1set	Independent research and development by ETON
X,Y,X axis drive way	Servo motor+linear magnetic motor
Feeding way	Electric feeder with double motor

Our Services

- 1.Video technical support,24-hour online support
- 2.Visit customers regularly and gather information.
- 3.Goods tracking support
- 4.Free broken parts(Within 1 YEAR warranty)
- 5.Upgrade the software will be free

FAQ

Q:How is the training?

A:After you buy the machine, we will have an engineer to your factory for free installation and training

Q:Is it hard to use these machines?

A:No,not hard at all.For our previous clients,at most 3~5 days is enough to learn to operate the machines.

Q:Does your machines have quality certificate?

A:All of our machines have passed CE certificate,ISO14001(BCC),ISO9001(IQNET) and have own patent.

Q:The Warranty of the machine?

A:One year,then the parts will be free for the buyer in the warranty.

Q:English version for these machines?

A:Yes,In Both Chinese and English.
