

170000cph LED Lighting Making Machine For 5050 2835

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden package
- Payment Terms: L/C, T/T
- Supply Ability: 50 sets

Product Specification

- Name: Smt Machine/smd Mounting Machine/pick And Place Machine
- Capacity: 150000-170000cph
- Production: LED Strip Light/led Panel/led Tube
- Warranty: 1 Year
- Service: Free
- Money: USD/CNY
- Shipping Day: 30 Working Days
- Machine Functions: Picking And Mounting
- Highlight: **2835 LED Lighting Making Machine,
170000cph LED Lighting Making Machine,
68 Feeders Smd Making Machine**

Product Description

LED Lighting SMD making machine for 5050 and 2835

Led strip light

LED strip light is mean mounting led chip on the copper wire lamp or the ribbon flexible circuit board(FPC). Normally, there are 0.5m , 1m, 5m, 10m,25m strip light in the led lighting market.

LED Strip light machine

F7S is the high speed mounting machine for led strip light, panel light, tube light, etc. It is very good performance as fellow parameters show:

High speed: F7S with 34 heads and 68 feeders, the speed reach 150000-170000 CPH. Around 1300m-1500m per hour.

High precision: F7S mounting precision reach 0.02mm, support automatic feeding. Total 5 sets of imported camera, vision alignment and mark correction.

Multifunctional: Suitable for mounting LED chip 3014/3030/3528/5630/5730/4014/2835/resistor/etc

Package

Machine is very expensive, so it needs stable packaging. We adopt vacuum packaging and wooden package, the machine foot are fixed by wood and nails, it is very stable and waterproof.

How to choose LED lighting making machine ?

For led lighting machine, there are different modules for different size of led lighting. ETON company for no wire led strip light, suggest super high speed and professional machine. For led bulb, we have multifunctional mounting machine. So for your lighting, we need to according to your lighting details give you best suggestions.

RFQ

How many square need for 1m strip light ?

A:Normally, for 1m strip light, SMT line need 15M length, much details please contact Joy by Whatsapp or Wechat :+8613590151025.

How many workers need in production line ?

A: 2-3 workers for one line is enough, but different line design will be much different.

How about the After-sales service?

A: We support one year warranty and free install and training.
