

1200mm/sec 90000CPH Automatic Glue Dispenser Machine 1200*500mm PCB

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC,CE,SIRA
- Model Number: HT-D12
- Minimum Order Quantity: 1 SET
- Packaging Details: wooden case
- Delivery Time: 50 SET PER month

Product Specification

- Name: Glue Dispenser Machine
- Max PCB Size: 1200*500mm
- NO.of Camera: 1 Set Industrial Camera
- Dispensing Accuracy: 0.1mm
- Max Running Speed: 1200mm/sec
- Dispensing Height: <15mm
- Highlight: 90000CPH Automatic Glue Dispenser Machine,
1200mm/Sec Automatic Glue Dispenser
Machine
, 1200*500mm PCB SMT Mounting Machine

Product Description

Automatic glue dispenser machine with large size track high speed machine

What is the dispenser machine?

Glue dispensers are also called glue spreaders, glue dispensers, glue dispensers, glue filling machines, etc., which specifically control fluids. The automatic machine that drips and coats the fluid on the surface of the product or the inside of the product can realize three-dimensional and four-dimensional path dispensing, precise positioning, precise control of glue, no drawing, no leakage, no glue.

The glue dispenser is mainly used to accurately point, inject, apply and drop glue, paint and other liquids in the product process to the precise position of each product.

It can be used to achieve dot, line, round or arc shape.

Main parameter

Length*width*height	1800*1050*1550mm
Max PCB size	1200*500mm
Dispensing mode	Pneumatic injection value
Camera	1 set industrial camera
Dispensing accuracy	0.1mm
Heating temperature	200
Dispensing height	<15mm
Dispensing speed	90000CPH
Drive way	Magnetic linear motor drive

Operate System of machine

O.S.	System	Windows 7
	Software	R&D independently
	Display	LED monitor
	Input Device	Keyboard,Mouse

Machine feature

1. CCD positioning system,visual positioning compensation automatically,correct the deviation of PCB
2. Full time monitoring of glue volume,auto-prompting low glue volume
3. Online visual programming,more convenient

Company shows

Shenzhen ETON Automation Equipment Co., Ltd. has always been committed to the development and production of LED high-speed placement machines, LED display placement machines, multi-function placement machines, and automatic placement machines.

Our ETON company was awarded the National High-tech Enterprise, Industry Special Contribution Award and 2015 LED Innovation Award.

Company and industrial park

Package and Transportation

Package:Our company use vacuum packing and wooden cases

Transportation: We support sea, land and air transportation

About our services

- Professional solutions: provide professional SMT full line solution
- Warranty: 1 year warranty factory service
- Free Installation: one-site free installation to ensure smooth production
- Free technical training: professional training of operating and maintenance
- Technical support: 24 hours online support
- Software Upgrade: offer free software upgrade whole lifetime.

FAQ

Q: Do you provide the warranty?

A: Yes, we provide maintenance period is 1 year.

Q: This machine is easy to use?

A: English interface option, easy to operate

Q: How fast is the machine?

A: This machine belongs to the high speed machine, the speed is 90000 CPH.

Q: Why your price is so high?

A: Because our machine quality, accuracy and performance is better, different but better.
