

Dual Arm Magnetic Linear LED Pick Place Machine 250000CPH

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC\CE\SIRA
- Model Number: HT-X9
- Minimum Order Quantity: 1 set
- Packaging Details: Vacuum wooden box packaging
- Supply Ability: 50 pcs per month

Product Specification

- Speed: 250000CPH
- System: Windows 7
- Heads: 68 PCS
- Feeder Station: 34 Pcs
- Type: Highspeed Placement Machine
- Warranty: 1 Year
- Highlight: **Magnetic Linear LED Pick Place Machine, LED Pick Place Machine 250000CPH, CCC Magnetic Linear Chip Mounter**

Product Description

Dual arm Magnetic linear LED highspeed pick and place machine with good stable

Main Feature of machine

- ▲ The machine HT-X9 is dual magnetic linear high speed pick and place machine, capacity reach 250000 CPH .
- ▲ High-end magnetic linear motor+servo motor
- ▲ 68 heads, Dual arm four module, 17 nozzles for each mounting part.
- ▲ Producing with 2 types of materials with high capacity.
- ▲ It will improve your production efficiency, save labor, space, power etc.

Application

Apply to the 0.6M, 0.9m, 1.2M rigid PCB and 0.5M, 1M LED flexible strip.
Component: LED 3014, 3020, 3528, 5050 and resistor, capacitors, bridge rectifiers.

Technical parameter

Dimension	2700*1780*1550mm
Total weight	1500kg
PCB length width	Max:1200*350mm Min:100*100mm
PCB Thickness	0.5-5mm
PCB Clamping	Adjustable pressure pneumatic
Mounting mode	Group to take and group to mount
No. of camera	5 PCS(digital camera)
Feature of camera	Vision alignment, Mark correction
Mounting precision	±0.02mm
Mounting element	≤5mm
Mounting speed	200000-250000 CPH
Feeder station	34 PCS
Nozzles	68 PCS
XYZ axis drive way	High-end magnetic linear motor+servo motor
Feeding way	Electric feeder with double motor

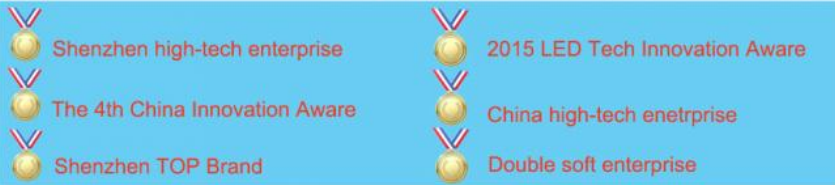

About our system

Our system is Windows 7, software is R&D independently, the Display is touch screen monitor, and Input Device is Keyboard and Mouse. The electrical control, Motion control and module 1 set is Independent research and development by ETON.

Company Information

*Our company ETON is the largest manufacturer of high speed pick and place machine. We start from 2011, around 8 years. ETON's original manufacturing plan, the pursuit of rigorous quality management and perfect after-sales service, provide customers with professional production lines and provide technical support.

*Our company has obtained CCC, CE, SIRA certificates, and not only these, our company has successively won the National High-tech Enterprise, 2015 LED Technology Innovation Award, Industry Special Contribution Award and so on.

Exhibitions information

We also have many exhibitions, such as the domestic Shanghai Munich exhibition, and foreign India Delhi exhibition, India Mumbai exhibition, Pakistan exhibition, Turkey exhibition, Thailand exhibition and so on.

Logistics transportation

we support three types of transportation by sea, land and air.

Payment and Delivery date

1. Payment:T/T
2. Delivery date:Within 30 days after receiving the deposit.

About training

If you buy our machine,we will send our engineer to your factory to install machine and training freely.

FAQ:

Q:how is your warranty?

A:standard warranty is one year,during warranty,any part need to be repaired and replace will be free.

Q:Machine is easy to operate?

A:machine is easy to operate,usually 3 to 5 days training of operating is enough.

Q:How about the after sales service?

A:We have professional after sales team,can solve your after-sales problems for you.

Q:Do you test before delivery?

A:Yes.we also test according to your requirement.
