

70000cph LED Components Placement Machine For IC Capacitor Resistor

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: RT-2
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden package
- Payment Terms: L/C, T/T
- Supply Ability: 50 sets

Product Specification

- Name: Pick And Place Machine/led Lighting Making Machine
- Speed: 60000-70000cph
- No.of Heads: 20heads
- PCB Size: 400*300 Mm
- Brand: ETON
- Mounting Height: No More Than 22mm
- Highlight: 20heads LED Components Placement Machine, 70000cph LED Components Placement Machine, 22mm Height IC Capacitor Resistor Mounter

Product Description

Pick and place machine for IC components

Pick and place machine

Pick and place machine function is picking components and mounting components. Different components will using different nozzles and feeder or vibrator feeding.

ETON machine pick and place machine suitable for mounting led lightings and electrical board. Such as led bulb, led tube, led panel, driver control card, led display, etc.

Capacity of pick and place machine

RT-2 is multifunctional pick and place machine, the capacity reach 60000-70000 chip per hour. That is mean if there are 20 small bulb in one PCB, and total 400 led chip on this PCB, the theoretical capacity will be 150 -175 PCB PER HOUR, that is mean 3000-3400 bulbs per hour.

IF you have any doubt for the capacity calculate, please contact Joy's whatsapp:+8613590151025. We will give you best solution for the line design and best quality machine.

Special Design of RT-2

RT-2 is two modules design, that is mean there are two mounting part will at working which much higher capacity than only one module.

For RT-2, it is suitable for small electrical board, such as IC control board, controller, etc.

- Two modules
- 20 heads
- 60K-70K CPH
- Multifunctional

Service

Free install and training. No matter wherever you are, we provide machine free install and free training for your operators.

Standard warranty one year. During one year warranty, any parts need to be repaired and replaced will be free.

Professional sales-after services team. ETON team is strong and commit provide much professional and best quality machine.

Strict shipping system, assembly-test-aging-retest
