

Magnetic Linear Motor 4KW Led Light Machine Single Module 45000CPH

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Price: FOB USD 36000~56000/sets
- Packaging Details: Wooden case
- Delivery Time: 15~30 days
- Payment Terms: L/C, T/T
- Supply Ability: 50 pcs per month

Product Specification

- Dimension: 2550*1650*1550mm
- Weight: 1700kg
- Mounting Speed: 45000CPH
- System: Windows 7
- Max PCB Size: 1200*500mm
- Min PCB Size: 100*100mm
- Highlight: Magnetic Linear Motor Led Light Machine, 4KW Led Light Machine, 45000CPH Smd Mounting Machine

Product Description

Single module magnetic linear motor pick and place machine for led lighting making machine

Feature of machine

Single module machine

Component: Min size 0402 Max.height 15mm

It can perfectly mount various drivers, circuit boards, power supplies, lenses, linear bulbs, home appliance control circuit boards and other products

Product presentation

The machine HT-E8S is highspeed machine,the optimum speed is 45000 CPH.

The X axis is magnetic linear motor,Y axis and Z axis is servo motor,very good performance and high accuracy.

Its high precision,adopt magnetic linear motor.

Exclusive patented technology

Electronic feeder feeding system

Vision alignment flight identification,Mark correction

Non-stop material re-loading function

Auto -optimization coordinates generated,etc.

Technical parameter of HT-E8S-1200

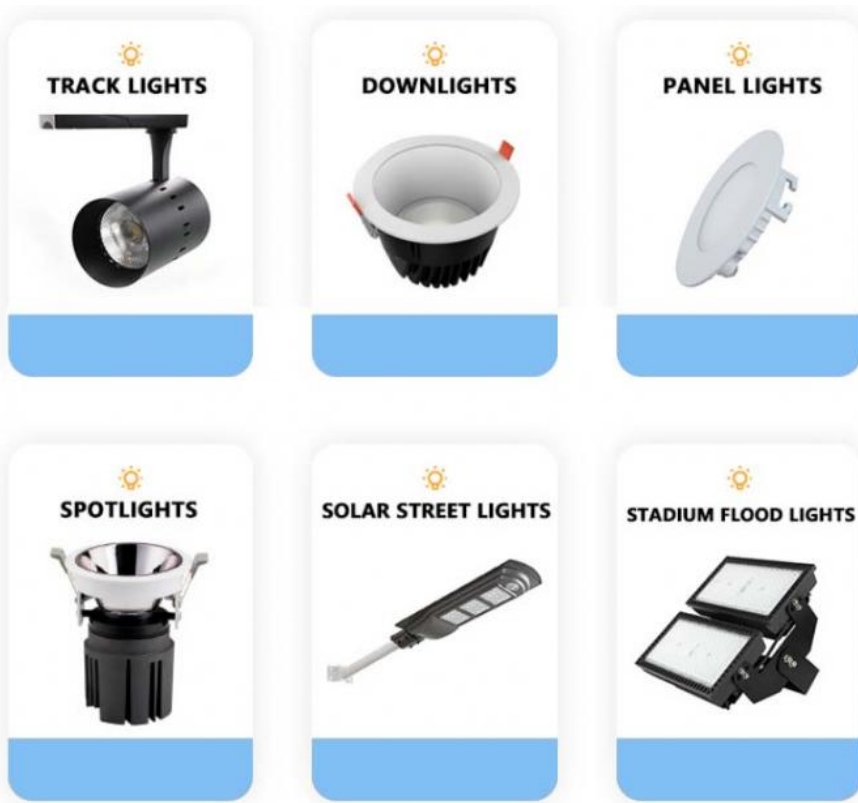

Dimension	2550*1650*1550mm
PCB length width	Max:1200*500mm Min:100*100mm
PCB Thickness	0.5-5mm
PCB Clamping	Adjustable pressure pneumatic
No.of camera	2 sets of imported camera
Feature of camera	Vision for the flight identification,Mark correction
Mounting precision	±0.04mm
Mounting height	<15mm
Mounting speed	45000CPH
Power consumption	4KW
Component Space	0.2mm
Component	LED,resistors,capacitors,shaped components,etc

Feeding system

No.of feeders station	28 PCS single module
No.of nozzles	12 PCS single module
Feeding way	Electric feeder with double motor
X,Y,Z Axis drive way	High-end magnetic linear motor+servo motor

Application

Our machine E8S-1200 suitable for mounting many kind of led lighting,such as led bulb,panel,DOB,strip light,tube,display,down-light,streetlight,etc.One module meet all your need.

Introducing machine details

Introducing company

Our company set up 2011. High efficiency High quality and High Stable are the technology of ETON, strong technology innovation and strict pursuit of quality control, with excellent service, ETON has created superior value for customers as the outstanding worldwide brand of highspeed SMT machine with good reputation.

Industrial Park

Our company's industrial park was successfully completed, equipped with an advanced processing and manufacturing center, strict quality control, and standardize production, streamline production production, and has invented the fastest automatic pick and place machine with speed 250000 CPH, which save much labors and space of production.

50000 SQM Industrial Park

Our client

In the market, around 80% of large LED factory are our client, and we got large market share in USA, KOREA, INDIA, GERMANY, EGYPT, VIETNAM, TUNISIA, TURKEY more than 20 countries.

Company after-sales service

If you buy our machines, after receiving the goods, we will send our engineers to your factory for installation and free training. If client is India, you can provide faster service because we have an office in India.

The warranty period of our machine is one year. If there is a problem with the machine during the warranty period, we can replace parts for free, except for feeders and nozzles.

Packaging

We use vacuum wooden box packaging

Step 1: Film packaging

Step 2: Vacuum packing

Step 3: Wooden box packing

Payment and Delivery date

1. Term of Payment: 30% depositing on the date of signing contract, 70% payment before delivery.
2. Delivery date: Within 30 days after receiving the deposit

FAQ:

Q: How long is the time of delivery?

Generally, the test delivery period is one month.

Q: If my order is very urgent, how long you can proceed?

We have helped many clients with their urgent demand. If your order is urgent, please check with our specialists to see if we can help.

Q: How are the products packed for sea shipment?

Most of the products have their unique packing. Then we put them into a carton. The cartons are sealed with tape.

Q: How can you make sure that the products won't be damaged or wet?

We take multiple measures to protect the products. They are first packing with individual. We put them into a carton and wrapped with plastic film and sealed with tape to keep the cartons in position and protect them from water.
