

60000-70000CPH 20heads Pick And Place Machine visual system led making machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC\CE\SIRA
- Model Number: RT-2
- Minimum Order Quantity: 1 set
- Price: EXW USD 45000/sets
- Packaging Details: Wooden case
- Supply Ability: 50 pcs per month

Product Specification

- Speed: 60000-70000 CPH
- Power: AC 380V
- Feeding Way: Electric Feeder With Double Motor
- System: Windows 7
- Payment: T/T
- Delivery: Within 30 Days
- Name: Pick And Place Machine
- Camera: 2 Set
- Mounting Height: 15mm
- Highlight: 70000CPH Pick And Place Machine,
20heads Pick And Place Machine,
Windows 7 Led Bulb Making Machine

Product Description

60000-70000 CPH 20 heads pick and place machine multifunctional led bulb making machine

Description of SMT

SMT is currently the most popular technology and process in the electronic assembly industry. It is a method of mounting leadless or segment-lead surface assembly components on the surface of a PCB or other substrates through reflow soldering. Or dip soldering and other methods to solder and assemble the circuit assembly technology.

Application of SMT: PCBA production of various lighting fixtures, portable and popular notebook computers, mobile phones, and dots all benefit from this.

Introducing machine of RT-2

This is multifunctional machine RT-2 with double module, total 64 feeders station, each part 32 feeder station, total 20 head, each part 10 head. It is a medium speed machine, the optimum speed is 60000--70000 CPH.

Technical parameter

Model	RT-2
Dimension	
Length	1195mm
Width	1930mm
Height	1500mm
PCB	
PCB length width	Max:400*300mm Min:50*50mm
PCB thickness	0.1-6mm
PCB clamping	Electric clamping
Visual system	
No. of camera	4 PCS
Mounting precision	Plus or minus 0.04 mm
Mounting speed	60000-70000 CPH
Nozzles	20 PCS
Feeder station	64 PCS
Components space	0.2mm

Company Profile

ETON is a leading manufacturer of automatic highspeed pick and place machine, which has independently developed a number of intellectual property technologies, including 9 invention patents, 112 practical patents, and 12 software copyrights., and rate as "Shenzhen high-tech enterprise", "China high-tech enterprise", "Shenzhen TOP brand", "2015 LED Technology Innovation Award", "The 4th China LED first Innovation aware", "Industry Special Contribution Award".

Our industrial park

The factory belonging to our company has been successfully built, there is 50000 SQM, equipped with advanced processing and manufacturing centers, scientific research buildings, exhibition halls, etc., to ensure quality from the source and further standardize production processes.

Company Certification

Our company has obtained CCC, CE, SIRA certificates, and not only these, our company has successively won the National High-tech Enterprise, 2015 LED Technology Innovation Award, Industry Special Contribution Award, The 4th China LED First Innovation Aware and so on.

Application of machine

This machine RT-2 is suitable for a variety of products, such as bulbs, panel lights, drivers, downlights, DOB, etc.,

The placement method of this machine is group picking and splitting, splitting and splitting, because each head is controlled by an independent motor.

Downlight

LED bulb

Streetlight

Electric board

LED Driver

SMT Line

About our services

- ☞ Professional solutions: provide professional SMT full line solution
- ☞ Warranty: 1 year warranty factory service
- ☞ Free Installation: one-site free installation to ensure smooth production
- ☞ Free technical training: professional training of operating and maintenance
- ☞ Technical support: 24 hours online support
- ☞ Software Upgrade: offer free software upgrade whole lifetime.
- ☞ If you buy our machine, we will arrange engineers to install, debug and training you for free, until you learn to operate the machine.
- ☞ We have office in Mumbai and New Delhi, service is very convenient
- ☞ Besides India, we also have local engineers in Egypt, Turkey, can provide you with timely service.
- ☞ Chinese engineer provide online service

Package and delivery

- ☞ Standard export vacuum waterproof package
- ☞ Strong wooden package for ensure safely delivery of heavy and large equipment
- ☞ Delivery: By air, sea and railway.
