

plc Unloader Machine CCC pcb unloader pcb loader machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: ET-UL330
- Minimum Order Quantity: 1 SET
- Price: FOB USD 300/sets
- Packaging Details: Vacuum Wooden case
- Supply Ability: 50 pcs per month

Product Specification

- Item: ET-UL330 Unloader Machine
- Dimension: L1900*W860*H1200±30mm
- Production Name: Unloader Machine
- Structure: Pneumatic Clamp Structure
- Power Supply: 220V 50HZ
- Apply: SMT Line
- Warranty: 1 Year
- Usage: Circuit Board Assembly, assembly Electronics Products, Mount Pcb Component, led Bulb Manufacturing Machine, SMD LED SMT
- Application: SMD Production Line, LED Bulb Assembly Machine
- Weight: 100KG
- Highlight: Unloader Machine LED Light Production Line, CCC LED Light Production Line, PLC SMT PCB Unload Machine

Product Description

Factory directly LED light production line high quality SMT PCB Unload Machine

Description of LED light production line

Used for the terminal of SMT production line, take back the multi-sided PCB board, after receiving the signal from the host computer, receive the PCB board one by one and push the PCB into the material frame for storage.

Specifications:

Frame	Special aluminum profile guide rail and special thousand bird type plastic chain
Structure	Pneumatic clamp structure
0.8M long push plate Conveyor	1 set
Magazine Specifications	L460*W400*565mm
Maximum size of PCB	L450*W330
Direction	Left to right / right to left
Closing function	Automatic
No. of Full load storage board	50 pcs

Feature of SMT Unload Machine

Mainly used at the end of the SMT production line to store the soldered PCB board through the material frame, with automatic board receiving function

The control system adopts PLC control, and the operation interface adopts touch screen, with stable performance and convenient operation.

The frame structure adopts sheet metal welding, aluminum profile construction, and the surface is painted.

Apply

ET-UL330 is track unloader machine, apply to smt production line

Similar products

There are other five modules of unloader machine

Modules	Max PCB size
ET-DUL	L330*W250mm
ET-UL250	L330*W250mm
ET-UL330	L450*W330mm
ET-UL390	L530*W390mm
ET-UL460	L525*W460mm

Exhibition

Our company participates in five or seven exhibitions every year. Take 2018 to 2021 years of data as an example:

2018.05 Thailand led lighting Exhibition

2018.06 Guangzhou Exhibition

2018.07 Shenzhen Intelligent Equipment Exhibition

2018.09 Istanbul lighting Exhibition

2018.12 India Delhi lighting Exhibition

2021.04 Shanghai NEPCON Exhibition

2021.06 go to Guangzhou Guangya Exhibition

Industrial Park

We have 50000 SQM industrial park, equipped with an advanced processing and manufacturing center, strict quality control, and standardize production, streamline production production.

FAQ:

1. What is your packaging?

A: Our package is wooden case with vacuum , reattach with rope and stand.

2. How long is your warranty?

A: We provide one year standard warranty.

3. When was your company established?

A: We set up in 2011, but start reach led pick and place machine from 2007.

4. What payment methods does your company support?

A: We support multiple payment methods, mainly T/T.
