

1000mm 1200mm 1500mm PCB Conveyor Machine In Smt Production Line

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: ET-C500
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden package

Product Specification

- Machine Name: Pcb Conveyor/smt Machine
- Suitable For: 1500 Mm Max Pcb Size
- Apply To: Smt Line
- Function: Using For Different Machine Connect
- Sizes: 500mm/600mm/1000mm/1200mm/1500mm
- Warranty: 1 Year
- Highlight: 1500mm PCB Conveyor Machine,
1200mm PCB Conveyor Machine,
1200mm smt conveyor

Product Description

1000mm 1200mm 1500mm PCB Conveyor Machine In Smt Production Line

Conveyor machine main parameters

Model: ET-C1500
 Steel frame structure, rail length: 1500 mm
 Width adjustment rang: 50-350 mm
 Transmission height: 920±20 mm
 Transmission: 5MM flat belt conveyor
 Speed: Adjustable from 0.5 to 9 m/min
 Control :Industrial control panel
 One section of control, two sensors

Conveyor function

Conveyor is the small machine in smt line, it is simple but pay a important role for the line. Different smt machines will connect by conveyor and transport pcb from different machines. Such as between stencil printer and pick and place machine, there are one conveyor, and after pick and place machine and reflow oven, also will have conveyor machine for connect. It is very important and save the labor cost just after using this conveyor

Conveyor classification

SMT Pcb conveyor according to the length have different sizes, the normal size of the pcb conveyor in the market are:

500 mm conveyor
 600 mm conveyor
 1200mm conveyor
 1500mm conveyor

Besides length , also have some conveyor are classification according to the number of rails. Such as :

Double rail 500 mm conveyor
 Double rail 600 mm conveyor
 Double rail 1200 mm conveyor

Client choose the right conveyor according to the max pcb sizes and smt line design, if you are not very clear about how to choose, welcome contact us for more details.

Service

Cause conveyor is a very simple module, engineer all know how to using, even not, we also support online support and share the installation video, etc.

And this machine is one year warranty. The core part is free repaired and replaced during warranty.
