

## AC220V 50Hz PCB Automatic Stencil Printer Machine For 100m Roll To Roll

### Our Product Introduction

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC
- Model Number: ET-AL260
- Minimum Order Quantity: 1 set
- Price: FOB USD 10000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 work days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

#### Product Specification

- Name: Automatic Stencil Printer
- Dimension: 1754(L)X1249(W)X1600(H)mm
- Software: R&D Independently
- Warranty: 1 Year
- Weight: 600Kg
- Condition: New
- Power Supply: AC220V 50Hz
- Cleaning System: Automatic Cleaning
- Printing Accuracy:  $\pm 0.025\text{mm}$
- Highlight: Automatic Stencil Printer Machine,  
PCB Automatic Stencil Printer,  
50Hz PCB Stencil Printer Machine

## Product Description

### AC220V 50Hz PCB Automatic Stencil Printer Machine For 100m Roll To Roll

#### Description of stencil printer

The main function of SMT stencil printer machine: used in SMT production process of solder paste coating on PCB;The solder paste coating method of the SMT stencil printer is to print the solder paste through the template to the Welding plate of the PCB in order to mount the SMD components to the pcb.

SMT stencil printer machine is not replaced by other equipment, is the main equipment in the SMT production process.

SMT production process is the solder paste coating, component mounting, reflow welding, it is the first major process in the SMT production process.In order to get good printing quality, SMT presses should have good printing process in addition to good equipment.

#### SMT stencil printer machine Configuration

- Programmable suspension printing head;
- Standard stainless steel scraper, unique design, improve the service life of the blade;
- Downward vision alignment system;
- CNC guide rail adjustment;
- Industrial controlled computer,Windows XP interface operating system;
- Built-in software diagnostic system;
- SMEMA interface.

#### Automatic stencil printer of Technical Parameter

<b>Model Item</b>		ET-AL260
Screen Frames	Min Size	850mm
	Max Size	550mm
	Thickness	25~45mm
FPCB Min Size		50mm
FPCB Max Size		260mm
FPCB Thickness		0.5~5mm
FPCB Warpage		Max. FPCB diagonal 1
Print head		Two independent motorized print heads
Squeegee Speed		6~300mm/sec
Stencil Separation Speed		0.1~20mm/sec Programmable
Cleaning System		Manual cleaning
Table Adjustment ranges		X:±5mm;Y:±5mm;θ:±2°
<b>Machine</b>		
Repeat Position Accuracy		±0.01mm
FPCB transport over plate height		20mm

## Full Automatic vision stencil stencil for no-wire strip light

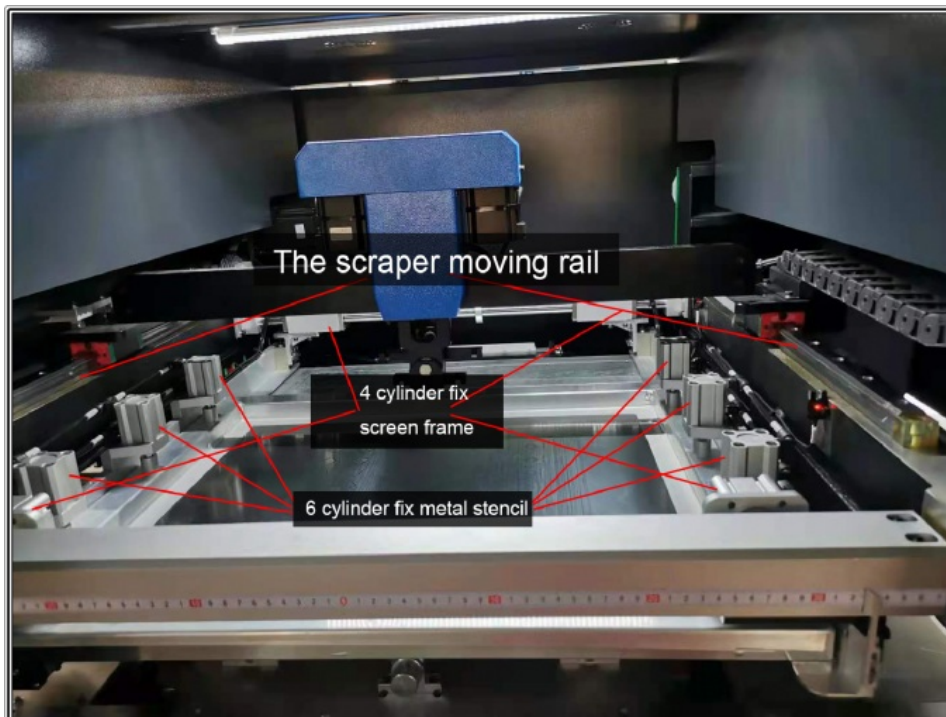

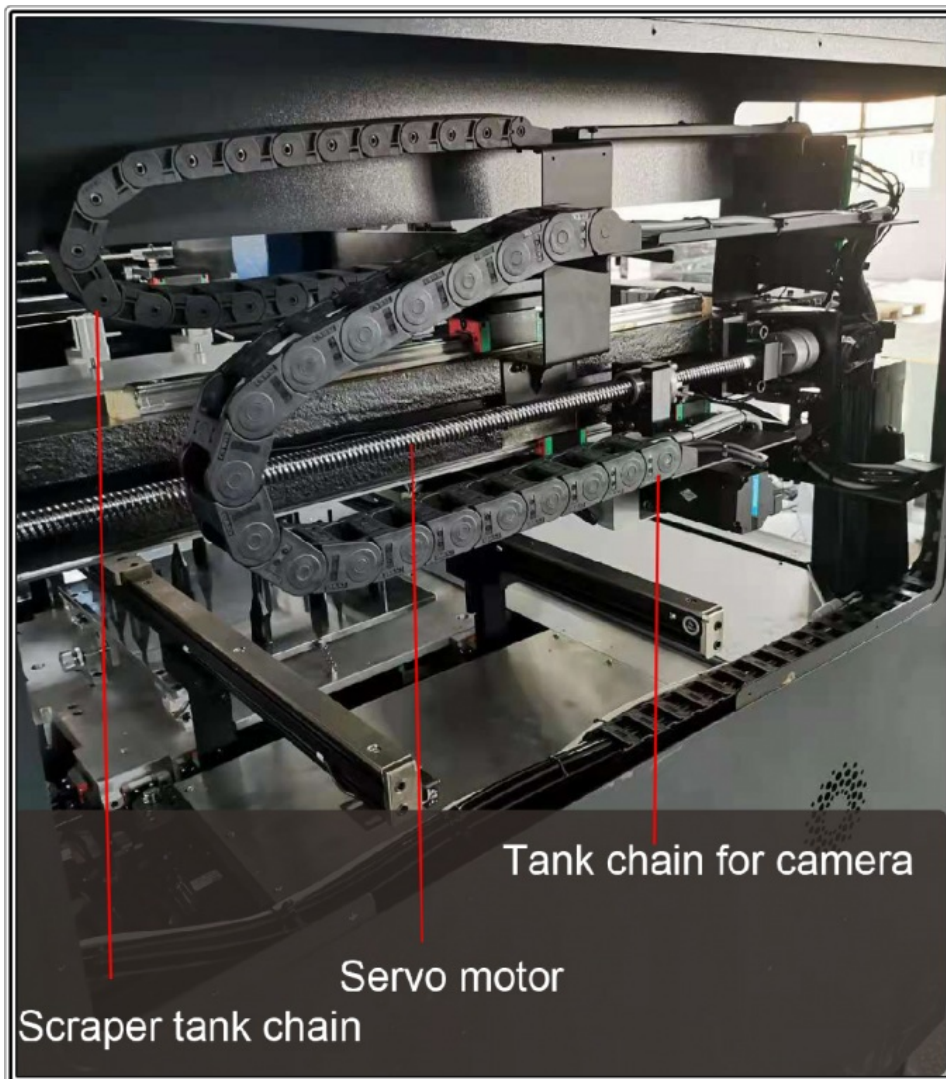

**Built-in software diagnostic system**

**Downward vision alignment system**

<b>Global first Technology</b>	<b>Full automatic</b>	<b>Online services Factory Services</b>	<b>SNEMA interface</b>
<b>Software R&amp;D Independently</b>		<b>For no-wire 100m strip light</b>	

Spare parts of Full automatic stencil printer

#### 100 meters roll to roll production line layout

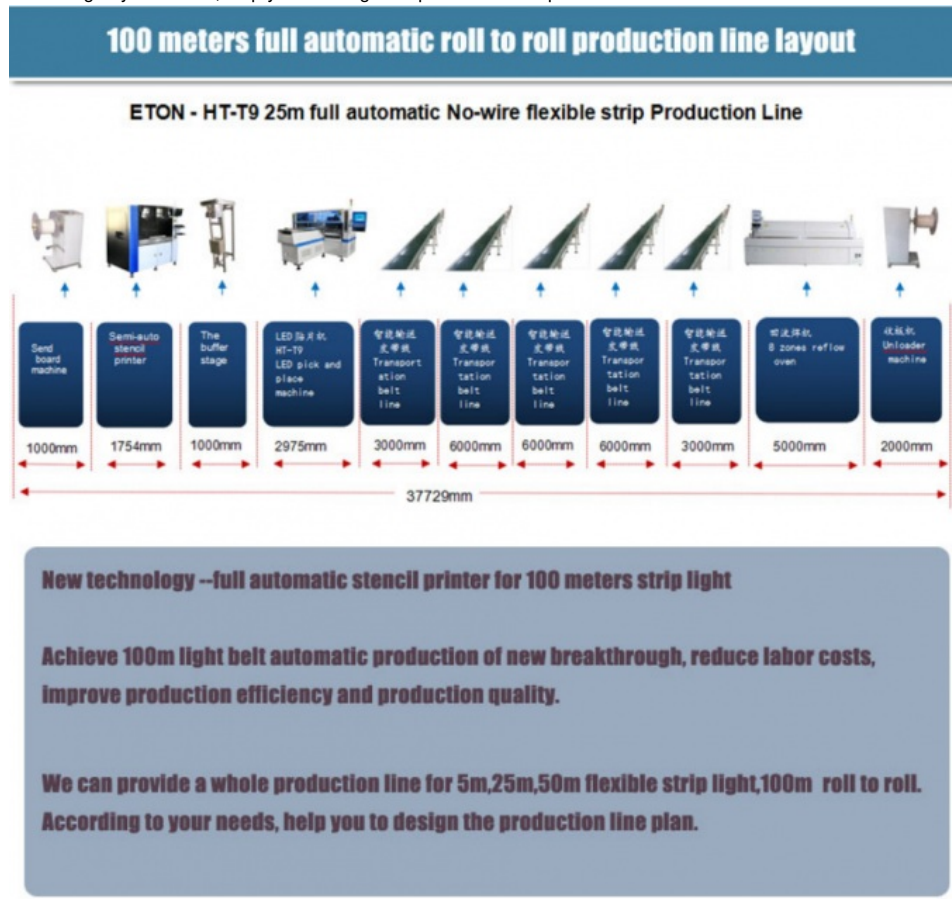

New technology --full automatic stencil printer for 100 meters strip light

Achieve 100m light belt automatic production of new breakthrough, reduce labor costs, improve production efficiency and production quality.

We can provide a whole production line for 5m,25m,50m flexible strip light,100m roll to roll.

According to your needs, help you to design the production line plan.

#### After Services

Professional sales manager of LED SMT machine, provide professional suggestion and service to you !

24 hours online service and technical support, solve your questions quickly!

Sound company organization and working system, guarantee you a fast delivery!

Design and provide the whole SMT processing lines for you based on your budget , workshop covering area with best prices!

#### RFQ

**Q : Is there any quality guarantee?**

We stick to quality first, client-oriented, Continuous improvement!

**Q: What is SMT Machine?**

This is an LED lamp patch machine using surface mount technology.

**Q: Whether the machine's after-sale service is guaranteed?**

Each of our machines has a one-year warranty and will regularly visit customers for use.

**Q: What we can do for you?**

A: We provide SMT machine,we can also provide Production line scheme and so on.Professional Technical Support and Service.

**Q: What is your delivery date?**

A: The delivery date is about 25-30 days after receipt of deposit.

**Q: What is your payment terms?**

A: 30% deposit and 70% balance before shipment.

**Q:This machine is easy to use ? if I have no experience, I can also operate it well ?**

A: Yes, our machine is designed to use easily, Normally it will take you 1 day to learn how to operate, if you are a technician, it will much faster to learn.
