

PLC LED Light Production Line Vacuum Loader Pcb Loader Machine

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC,RISR
- Model Number: VP460
- Minimum Order Quantity: 1 set
- Price: FOB USD 10000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 work days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: Vacuum Loader
- Dimension: (600-1300)*1100*1200 Mm
- Software: R&D Independently
- Warranty: 1 Year
- Weight: 210 Kg
- Condition: New
- Power Supply: AC220V 50Hz
- Application: LED Bulb Assembly Machine
- Highlight: **PLC LED Light Production Line,
AC220V LED Light Production Line,
AC220V Pcb Loader Machine**

Product Description

PLC LED Light Production Line Vacuum Loader Pcb Loader Machine

PLC automatic Vacuum loader pcb Loader Machine In LED Light Production Line

The features of Vacuum loader

1. The device of Loading PCB in the SMT production line.
2. PLC control, color man-machine interface operation;
3. Adopt several sets of independent vacuum generation system, stable and reliable adsorption;
4. The board-mounted platform automatically rises and falls, and the speed of loading PCB is fast.
5. PLC control system, multiple electrical circuit protection design, safe and stable;
6. Acousto-optic alarm system, text prompt for abnormal information, easy operation and maintenance;
7. Standard SMEMA signal communication mode.

Technical parameter of Vacuum loader

Vacuum loader	VP460
Description	This equipment is used for the operation of automatically sending circuit boards without parts to the production line
Loading time	Around 6s or customer specified
PCB Thickness	Minimum 0.6mm
PCB capacity	MAX.200 pieces (0.6mm thick)
Power Consumption	Single-phase AC110 220V (optional), maximum 200 VA
Air pressure and Air flow	4 6Bar, Up to 30L/min
Specification parameter	
PCB size L*W(mm)	80*50-(510-1200)*460
Dimension(L*W*H)(mm)	(600-1300)*1100*1200
Approximate Weight(kg)	About 210

RFQ

Q : Is there any quality guarantee?

We stick to quality first, client-oriented, Continuous improvement!

Q: What is SMT Machine?

This is an LED lamp patch machine using surface mount technology.

Q: Whether the machine's after-sale service is guaranteed?

Each of our machines has a one-year warranty and will regularly visit customers for use.

Q: What we can do for you?

A: We provide SMT machine, we can also provide Production line scheme and so on. Professional Technical Support and Service.

Q: What is your delivery date?

A: The delivery date is about 25-30 days after receipt of deposit.

Q: What is your payment terms?

A: 30% deposit and 70% balance before shipment.

Q: This machine is easy to use ? if I have no experience, I can also operate it well ?

A: Yes, our machine is designed to use easily, Normally it will take you 1 day to learn how to operate, if you are a technician, it will much faster to learn.
