

Solder Paste Mixer smt loader machine In Smt Production Line

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: Solder paste mixer
- Minimum Order Quantity: 1 set
- Packaging Details: Standard shipping wooden box packaging
- Delivery Time: 5-8 work day
- Payment Terms: T/T
- Supply Ability: 50 sets per month

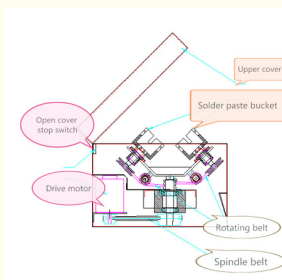

Product Specification

- Product Name: Solder Paste Mixer
- Weight: About 35KG
- Operation Speed: Motor 1350 RPM
- Stir Two Cans Of Solder Paste: 500g
- Stiring Time: 1-99 Minute Digitally Adjustable
- Operation Method: Light Touch Button
- Highlight: **1350 RPM smt loader machine, 1350 RPM Solder Paste Mixer, 1000 rpm Solder Paste Mixer**

Product Description

Solder Paste Mixer smt loader machine In Smt Production Line

Introduce of solder paste mixer

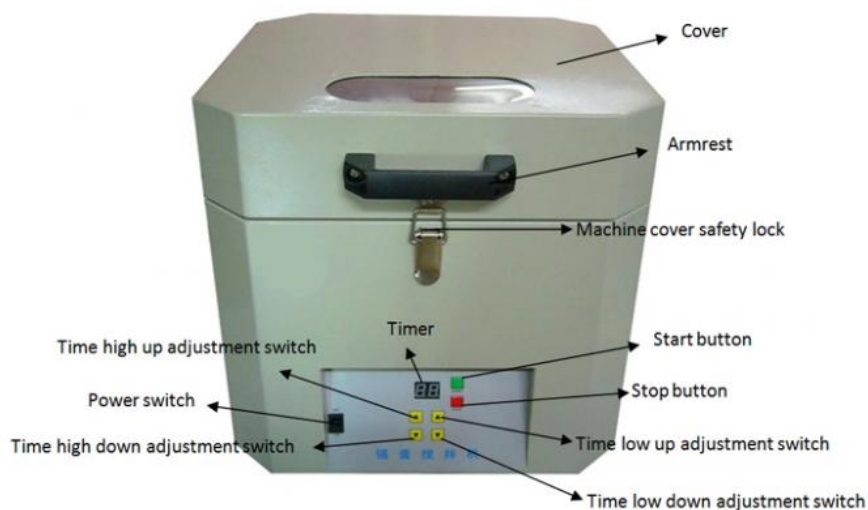

The solder paste mixer can effectively mix the tin powder and the solder paste evenly. To achieve a more perfect printing and reflow soldering effect, it saves manpower and standardizes this operation. Of course, the need to open the can also reduces the chance of absorbing water vapor.

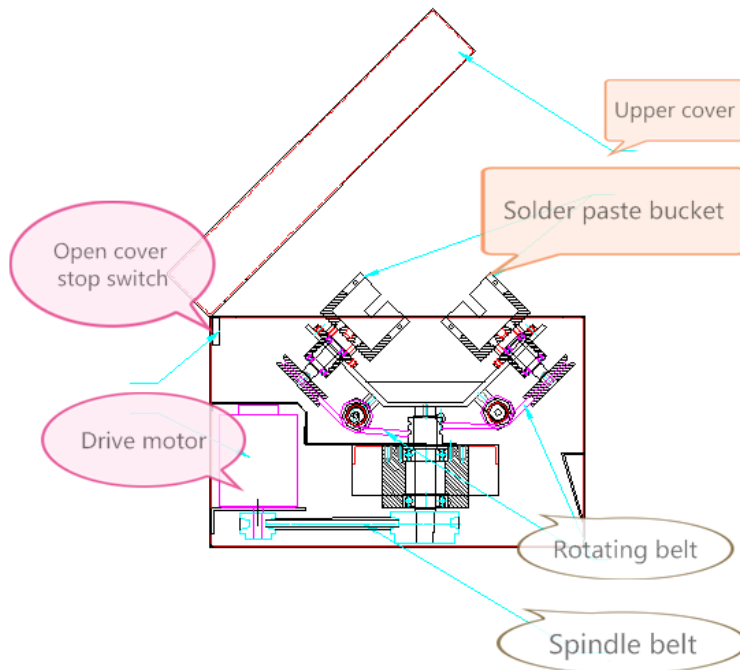

The features of machine

1. Maximum speed can reach 1000 rpm
2. When stirring, it is necessary to de-ice the solder paste beforehand;
3. Do not have to open the container;
4. Power single phase 220v:
5. No gas problem:
6. Does not destroy the shape of tin powder:
7. Fixtures are suitable for all kinds of 500g packaging solder paste cans;
8. Mixing time can be set arbitrarily;
9. Has manual speed control function

Paramters

Brand Name	ETON
Model Number	solder paste mixer
Brand	ETON
Item	Solder paste mixer
Weight	About 35KG
Operating Voltage	AC 220V 50Hz 60Hz >60W
Operating speed	Motor 1350 RPM
Working capacity	500 g. Syringe, red plastic tube,
Stir two cans of solder paste	500g
Stiring time	1-99 minute digitally adjustable
Operation method	Light touch button

Why choose us:

We have strong manufacturing capabilities. The scale of the industrial park is **50,000 square meters**, the production **workshop is 45,000 square meters**, and the monthly **production capacity can reach 100 units**;

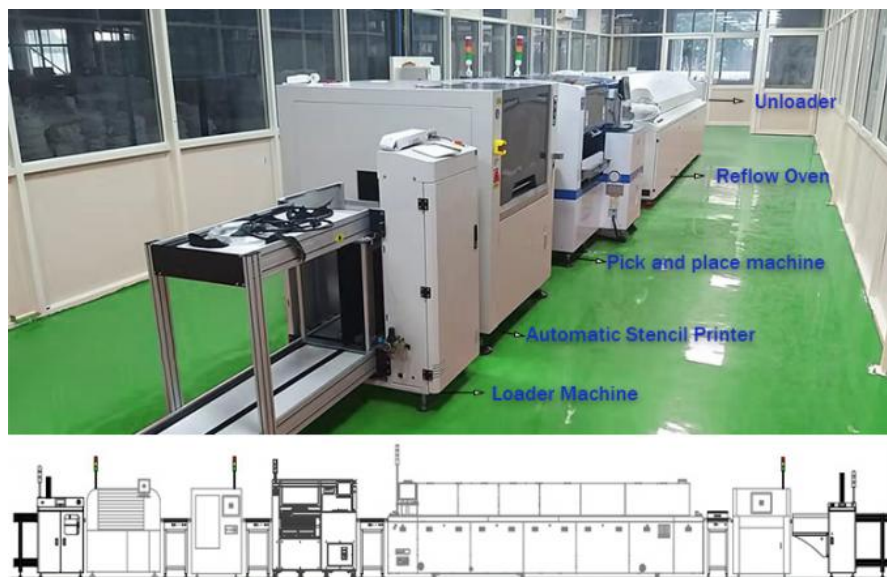

We are an ODM, OEM SMT machine manufacturer. Including machine powder spraying, sheet metal, machining, beam and column, assembly, etc.;

Independent research and development of machine software. It can be remotely controlled to solve problems, and the software can be upgraded for free for life;

The company has **more than 300 employees**, and the R&D team has more than 50 people;

Can provide a whole production line equipment. Such as: automatic/semi-automatic printing machine, general-purpose/special high-speed placement machine, reflow soldering, connection table, loading and unloading machine, stacking machine, temporary storage machine, etc.;

It has offices overseas and local engineers. Such as India, Egypt, Turkey and so on.

Package

- * All machines shipped abroad will use foam packaging to protect the machines from collisions;
- * Secondly, it will be wrapped with stretch film to prevent the equipment from getting damp;
- * Vacuum paper packaging and moisture-proof bags keep the machine dry during transportation to prevent moisture;
- * Use straps, triangles and nails to fix the machine to prevent damage to the machine during transportation;
- * Each export machine will be equipped with a strong export-free wooden box;

Factory transport by truck

The accessories fittings packaged in box separate. easy to find everything.

Step 1: Film packaging
Prevent the machine from dust ,water

Step 2: Vacuum packing
Duplicate protection from oxidation

Step 3: Wooden box packing
Effectively prevent from hit crash and shaking

After services

FAQ

Q1: What is your payment terms?

A: 30% deposit in advance and 70% balance before shipment.

Q2: When is the delivery date?

A: Delivery within 30 days after payment.

Q3: Does your company have any other machines?

A: Yes, we are a professional manufacturer of SMT placement machines. In addition to board loading machines, our company also has semi-automatic printing machines, placement machines, reflow soldering, connection stations, conveyor belts and other SMT production line equipment.

Q4: Does your machines have quality certificates?

We are high-tech enterprise with CE, SIRA, CCC , ISO awarded as "Well-know brand" and many technology patents, and have rich experience (more than 10 years) in LED light production line program.

Q5: why should you buy from us not from other suppliers?

We are high-tech professional manufacturer of SMT machine with more than 10 years with good quality and reputation. We have rich

experience in helping client to start new factory and new line. "Professional, high-effective, cost-saving" are our advantages.
