

220V LED Lights Assembly Machine PLC Vacuum Loader Pcb Magazine Loader

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CE,CCC,RISR
- Model Number: VP460
- Minimum Order Quantity: 1 set
- Price: FOB USD 10000/sets
- Packaging Details: Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.
- Delivery Time: 30 work days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Name: Vacuum Loader
- Dimension: (600-1300)*1100*1200 Mm
- Software: R&D Independently
- Warranty: 1 Year
- Weight: 210 Kg
- Condition: New
- Power Supply: AC220V 50Hz
- Application: LED Bulb Assembly Machine
- Highlight: **220V LED Lights Assembly Machine,
220V PLC Vacuum Loader,
220V Pcb Magazine Loader**

Product Description

ETON 220V PLC vacuum loader Auto Vacuum Pcb Magazine Loader led lights assembly machine

Application of Vacuum Pcb Magazine Loader

Mounting components: LED, capacitors, resistors, IC, shaped components, etc.

Application: Power driver, electric board, lens, linear bulb, household appliance etc. application

All kinds of LED lamps, LED power drivers, small home appliances circuit boards, digital, toys, control board products and other products

Technical parameter of Vacuum loader

Vacuum loader	VP460
Description	This equipment is used for the operation of automatically sending circuit boards without parts to the production line
Loading time	Around 6s or customer specified
PCB Thickness	Minimum 0.6mm
PCB capacity	MAX.200 pieces (0.6mm thick)
Power Consumption	Single-phase AC110 220V (optional), maximum 200 VA
Air pressure and Air flow	4 6Bar, Up to 30L/min
Specification parameter	
PCB size L*W(mm)	80*50-(510-1200)*460
Dimension(L*W*H)(mm)	(600-1300)*1100*1200
Approximate Weight(kg)	About 210

The features of Vacuum loader

1. Acousto-optic alarm system, text prompt for abnormal information, easy operation and maintenance;
2. Adopt several sets of independent vacuum generation system, stable and reliable adsorption;
3. The device of Loading PCB in the SMT production line.
4. PLC control system, multiple electrical circuit protection design, safe and stable;
5. PLC control, color man-machine interface operation;
6. The board-mounted platform automatically rises and falls, and the speed of loading PCB is fast.
7. Standard SMEMA signal communication mode.

Shipping way

By sea: The most economical and common way

By Air: If you need machinery in an emergency, air freight is also an option

By land or other way: The most suitable transportation method can be selected according to the needs of customers

After sale service

Maintenance period 1 year

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

Software and hardware lifetime maintenance

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

Visit customers regularly and gather information

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

Provide latest information about technology and equipment

We give professional technology suggestion with our clients. And share the updates news to our clients
