

## 180000CPH Led Light Manufacturing Machine Led Strip Making Machine

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: HT-T7S
- Minimum Order Quantity: 1 set
- Packaging Details: Standard vacuum wooden box packaging
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

#### Product Specification

- PCB Size: 250mm\*any Length
- Dimension: 3100\*2300\*1550mm
- PCB Thickness: 0.5-1.5mm
- Mounting Speed: 150000CPH-180000CPH
- No. Of Heads: 34pcs
- No. Of Feeder Station: 68pcs
- Highlight: 180000CPH Led Light Manufacturing Machine,  
150000CPH led Light Manufacturing Machine,  
180000CPH led strip making machine

## Product Description

### 180000CPH Led Light Manufacturing Machine Led Strip Making Machine

#### led light manufacturing machine line No-wire flexible strip making Pick and place machine

#### Specifacation about 34 heads pick and place machine

Dual arm four module high speed pick and place machine, capacity reach 180000CPH

Vision alignment, Mark correction

Components: LED 3014/3020/3528/5050 and capacitors, resistors, bridge rectifiers, etc

Application: flexible strip( any length)

Intelligent: calibration automatically, high precision, available for RGB

#### The feature of machine

High speed	Dual arm four module, 17 nozzles for each mounting part, part A or part B can be mounted separately or synchronously. The capacity reach 250000CPH Producing 4 types materials at the same time with high capacity, available for 5 M,50 M or any length of flexible strip and roll to roll.
High precision	With a new visual recognition system, five imported cameras, visual alignment, Mark correction technology, it can be automatically corrected, available for RGB
Exclusive patent technology	group to take and group to mount

#### Parameter

Length* Width* Height	3100mm*2300mm *1550mm
Total weight	1700kg
PCB Size	250*any length
PCB Thickness	0.5-1.5mm
PCB Clamping	Vacuum adsorption, cylinder splint, adjustable track width
No. of camera	5PCS(Digital camera)
	Vision alignment, Mark correction
Mounting precision	+0.02mm( repeat precision)
Mounting speed	150000-180000CPH
Components	LED3014/3020/3528/5050, capacitors, resistor, bridge rectifiers, etc
No. of feeders station	68PCS
No. of heads	34PCS
XYZ Axis drive way	High-end magnetic linear motor + servo motor
Feeding way	Electric feeder with double motor

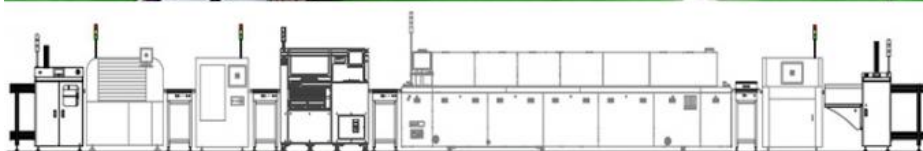

HT-F7S High speed pick and place machine

Flexible strip and Roll to Roll

1. We provide full SMT solution for you;
2. We provide core technology with our equipments;
3. We provide the most professional tech service;
4. We have wealthy experience on SMT factory setup;
5. We can solve any question about SMT.

### Company information

Since its establishment in 2011, ETON has been committed to the development and production of SMT placement machines and peripheral equipment in 2007.

\* **Strong reach and develop technology team**, support machine upgrade continuously, support client strong technical support

\* **Rich experience in SMT Industry Line**. ETON set up more than 10 years, we are leading manufacturer of SMT machine in China

\* **Strong production capacity**, ETON have more than 50000 square meter Industrial park in Jiangxi Province, machine capacity more than 50 units/month, ETON has more than 300 employees.

\* **Good and professional service**. Provide engineer Door-to-door service, support video online training, video training share, free replaced machine core part during warranty. And also we could provide professional SMT line solution.

50000m<sup>2</sup> factory, 45000m<sup>2</sup> production workshop.

Global fastest machine, 250000CPH New world record.

China Top brand, leading manufacturer of SMT machine.

#### Package and delivery

Step1: Wrap with stretch film to prevent the equipment from

Step2: Vacuum paper packaging and moisture-proof bag, so that the machine can be kept dry during transportation to prevent moisture.

Step3: Use straps and triangular wood to fix the machine to prevent damage to the machine during transportation.

## Services

**Free professional advice:** For the production of SMT machine

**Free technical support:** 7\*24 hours online technical service

**Free installation and training:** We have established offices overseas and can arrange engineers to go directly to the factory for free installation and training.

**Free upgrade software:** The machine software is developed by our company, so we provide life-long free upgrade software for customers who purchase the machine

### FAQ

#### 1. who are we?

We are based in Guangdong, China, start from 2011, sell to Domestic Market(60.00%), South Asia(20.00%), Africa(5.00%), Mid East(5.00%), Eastern Asia(5.00%), Eastern Europe(3.00%), South America(1.00%), Southern Europe(1.00%). There are total about 301-500 people in our office.

#### 2. how can we guarantee quality?

Always a pre-production sample before mass production;  
Always final Inspection before shipment;

#### 3. what can you buy from us?

Pick and place machine, Automatic stencil printer, SMT machine, Reflow oven, LED light production line

#### 4. why should you buy from us not from other suppliers?

1. Top brand in China, 5000sqm factory, more than 300 staff. 2. Strong technology, 134 patents. 3. Quality: strict QC, international standard. 4. Big market share: Around 70-80% led factory are our partner. 5. Local service: Free installation and training.
