

Led lens high precision 12ps head smt production machine mouter

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 Set
- Packaging Details: wooden box with vacuum package
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Dimention: 2550*1650*1550
- Total Weight: 1700kg
- PCB Length Width: Max 1200*500mm Min 100*100mm
- PCB Thickness: 0.5-5mm
- System: Windows 7
- Software: R&D Independently
- No.of Camera: 2 Sets Of Imported Camera
- Mounting Speed: 45000CPH
- Components: LED Chip, Capacitors, Resistor, IC, Shaped Components.etc.
- Electrical Control: Independent Research And Development By Eton.

Product Description

Led lens high precision 12ps head smt production machine mouter

Pick and place machine is actually a fine **industrial robot**. It fully utilizes the high-tech effects of modern fine machinery, electromechanical integration, photoelectric combination, and computer control technology to complete high-speed, high-precision, and intelligent electronic assembly production equipment. According to the assembly technical requirements and the manufacturer's design philosophy, people have launched placement machines with different functions, different uses, and different grades.

Details for product

ETON E8S mouter is so hot, mounting driver, power, lens, chips, capacitors, IC and so on. This is high quality and multi-funcnctional.

Our Product Introduction

Support customization: **OEM/ODM**. Strong R&D and manufacturing capabilities. **52000** square meter industry park.

This type has updated many generations, have more stability.

It can be applied to many high DOB components and has wider range of applications.

Fully-automatic material replenishing to save labor by automatic replenishment.

Strong manufacturing capability, some machine is in stock.

Model	HT-E8S-1200
Dimension	2550*1650*1550
Total weight	1700kg
PCB length width	Max:1200*500mm Min:100*100mm
PCB thickness	0.5-5mm
PCB clamping	Adjustable pressure pneumatic
Mounting mode	Group picking and separately placing, Separately picking and separately placing
system	windows 7
software	R&D independently
No.of camera	2 sets of imported camera vision for flight identification, mark correction
Mounting precision	±0.04mm
Mounting speed	45000CPH
Components	LED chip, capacitors, resistor, IC, shaped components.etc.
no.of.feeders system	28PCS
no.of .head	12PCS
Feeding way	Electric feeder with double motor

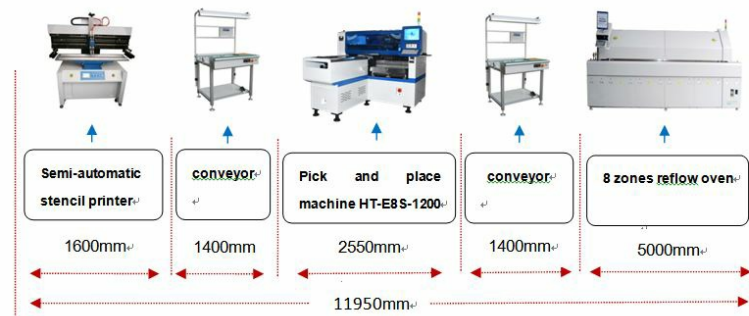

Relation Machine & SMT line

Share the E8S SEMI automatic production line to you. one step, printing pcb board **onstencil printer**.(need use solder paste), pcb board transport to next step by **conveyor**, Two step, **pick and place machine** mounting the components(chip, capacitor, driver, resistors, lens, IC,etc) to PCB, pcb board transport to reflow oven by conveyor. Three step, **Reflow oven** heating the PCB board.

Shenzhen Eton Automation Equipment CO., LTD.

ETON - HT-E8S-1200 Semi-automatic Production Line

Our Company advantage

ETON set up 11 years, we are leading manufacturer of SMT machine in China.

ETON have 52000 square meter Industrial park in Jiangxi Province, machine capacity more than 50 units/month.

ETON R&D Global first automatic stencil printer machine for roll to roll 100 m led strip light.

Since its establishment in 2011, ETON has been committed to the development and production of SMT placement machines and peripheral equipment in Strong reach and develop technology team, support machine upgrade continuously, support client strong technical support.

ETON GROUP

No.1 SMT line supplier in China
520000 sqm industry park
Fast speed 250000 CPH SMT machine

Choose ETON for double-win cooperation!

FAQ

Is your software interface in English?

English interface and Chinese interface are both available.

How is the training?

After purchasing our machines, you can send your engineers to our factory, or we send our engineers to your factory, and then we will train your personnel to operate these machines. Online training and video tutorials. During the epidemic, if our engineers can't make it through, we also have special one-on-one online training and video tutorials..

Does your machines have quality certificates?

We are high-tech enterprise with CE, SIRA, CCC, ISO awarded as "Well-know brand" and many technology patents, and have rich experience (more than 10 years) in LED light production line program.

Are you a trade company or a manufacturer?

We are an professional manufacturer specialized in Screen Printer,SMT Machine, Pick and Place Machine, Reflow Oven, SMT Production line and other SMT Products.
