

## RGB Component PCB Pick And Place Machine 250mm Window 7 System

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: HT-T9
- Minimum Order Quantity: 1 Set
- Packaging Details: wooden box with vacuum package
- Delivery Time: 30 days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

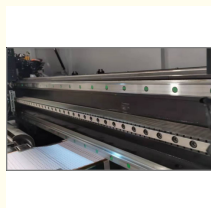

### Product Specification

- System: Window 7
- Software: R&D Independently
- PCB Length Width: 250mm\*any Length
- Mounting Mode: Group To Pick And Group To Mount
- No.of Camera: 5PCS Digital Camera)
- Mounting Speed: 200000-250000CPH
- No.of Feeders Station: 68PCS
- No.of Head: 68PCS
- Conveyor Transmission: MAX Length: 1000mm
- XYZ Axis Drive Way: High-end Magnetic Linear Motor + Servo Motor
- Highlight: 250mm Pick And Place Machine,  
250mm PCB Pick And Place Machine,  
250000 CPH PCB Pick And Place Machine

### Product Description

#### RGB Component PCB Pick And Place Machine 250mm Window 7 System

#### 4 module 68 pcs placement head RGB component High speed pick and place machine

#### SMT placement machine structure:

Rack:The basics of the equipment, all controllers, precise positioning tissue and feeders are firmly fixed to it, so it must achieve impact toughness and stiffness.  
Transmission and belt organization of the PCB:its function is to transfer the PCB to the storage site, develop the patch, and then transfer it to the next step device.  
Driver system software: it is the index value for evaluating the accuracy of the placement machine, it is important for the SMT placement machine.

#### PRODUCTION INTRODUCTION

68 pcs placement head, ensure the machine have high quality  
Simple structure in linear type ,easy in installation and maintanation.  
RGB components can mount, high precious. can mount0603.  
Feeder control camera, nozzle control camera, Mark camera, make sure the mounting components correctly.

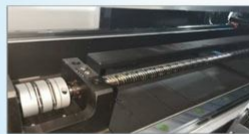

Our Product Introduction

XYZ drive way by **high-end** magnetic linear motor and servo motor

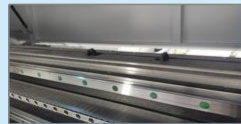

**Ball Screw**  
TBI Brand from Taiwan, China

**High precision magnetic linear motor**  
Customized from Israel technology

**Guide rail**  
Imported from Japan THK

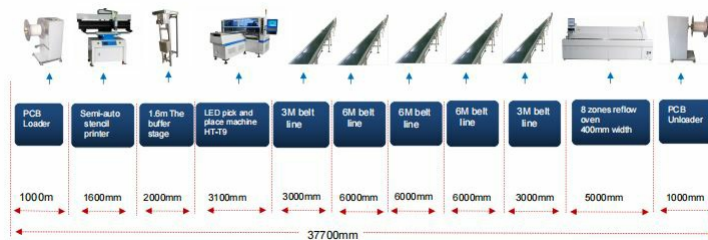

#### Technical parameter

Model	T9
Mounting mode	Group to pick and group to mount
Dimension(mm)	3100*2300*1550
No.of camera	5PCS
PCB length width	250mm*any length
No.of head	68PCS
Mounting speed	200000-250000CPH
Operating enviroment	23 ±3

#### SMT LINE SOLUTION

Usually, we need stencil printer(solder paste printer), loader, conveyor connect the machine, placement machine, conveyor connect the next machine, reflow oven, unloader. SPI, AOI machine.  
According to your buget and area to make smt production line.

#### ETON - HT-T9 100m Semi-automatic No-wire flexible strip Production Line

#### ABOUT US

**Shenzhen ETON Automation Equipment Co., Ltd.** 2009 was established;  
It's a high-tech enterprise with the concept of building a national brand,  
providing "intelligent, professional, low-consumption" products, and focusing on research and development,  
production and sales of LED automatic high-speed energy-saving placement machines.  
**ETON purpose:** To create value for customers, to create benefits for the society.

#### Exhibition

ETON EXHIBITION GO TO India, Egypt, Pakistan, Tunisia, Vietnam, Thailand, Germany, Russia and other countries and regions.

#### FAQ

**Q: What can I do for you?**

A: One-stop SMT Solution Supplier; Reliable SMT Partner

**Q: Why choose you?**

A: Leading SMT Supplier in China; Professional Supplier and manufacturer, Professional after-sales service team.

**Q: Do you have local clients and customer in India?**

A: Such as RK, SURYA, FIEM, CALCOM, POLYCRB, etc.

**Q: Does your machines have quality certificates?**

A: We are high-tech enterprise with CE, SIRA, CCC, ISO awarded as "Well-know brand" and many technology patents,

**Q: What is your delivery time?**

A: ETON is the biggest manufacturer of smt machine in China. Have 52000 square meters Industry park. So the machine is in stock. if you pay and we get the payment, we can arrange delivery immediately.
