

## High precision producing two different products simultaneously capacity reaches 90000 cph mouter machine

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Eton
- Certification: CCC, CE, SIRA
- Model Number: HT-E8D-600
- Minimum Order Quantity: 1 set
- Packaging Details: place in the wooden boxes in a vacuum package
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

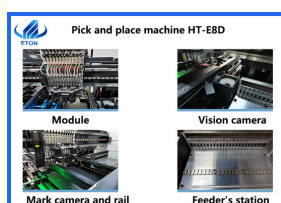

#### Product Specification

- Warranty: 1 Year
- Condition: New
- Applicable Components: LED Chip, Capacitors, Resistors, IC, Shaped Components, Ect
- Dimension: 1950\*2250\*1650 Mm
- Mounting Mode: Group Picking And Separately Placing, Separately Picking And Separately Placing
- Mounting Speed: 90000 CPH
- Mounting Precision:  $\pm 0.04$  Mm
- PCB Length Width: Max 600\*300 Mm Min 100\*100 Mm
- No. Of Head: 24 PCS
- Pcb Thickness: 0.5-5 Mm
- Highlight: Simultaneously SMT Mounting Machine, High Precision SMT Mounting Machine, 90000Cph LED Mounting Machine

## Product Description

### High precision producing two different products simultaneously capacity reaches 90000 cph mounter machine

#### Product description

E8D-600 multifunctional pick and place machine taking the mounting mode of group picking and separately placing, separately picking and separately placing, with 24 PCS of head capacity reaches 90000 CPH.

#### Features:

Dual system, dual module multifunctional mounter to produce two different products at the same time.

Mounting components: LED chip, capacitors, resistors, lens, IC, shaped components, etc.

Component: Min. Size 0402, Max. Height 15mm.

Application: Power driver, electric board, lens, DOB bulb, linear bulb, household appliance etc.

#### Exclusive Patented Technology:

Electronic feeder feeding system.

Vision alignment flight identification, Mark correction.

Non-stop material re-loading function.

Auto-optimization after coordinates generated, etc.

#### Machine parameter

Model	HT-E8D-600
Dimension	1950mm*2250mm*1650mm
Total weight	2200kg
PCB length width	Max:600*300mm Min:100*100mm
PCB thickness	0.5-5mm
PCB clamping	Adjustable pressure pneumatic
Mounting mode	Group picking and separately placing, Separately picking and separately placing
Mounting precision	±0.04mm
Mounting speed	90000CPH
No. of feeders station	48PCS single module
No. of head	24 PCS single module

#### Company profile

SHENZHEN ETON AUTOMATION EQUIPMENT CO.,LTD

Was founded in 2011, an excellent company for SMT mounter machine, ETON obtained 9 invention patents, 112 practical patents, 12 software copyrights of intellectual property technologies, to be a leading manufacturer of SMT trade. And have a 50000 square meters industrial park in Jiangxi province. Named as "China high-tech enterprise" "Shenzhen TOP Brand" and "Industry Special Contribution Award" etc.

## COMPANY PROFILE

Shenzhen Eton was founded in 2011, as an excellent manufacturer of SMT machine which accounts to 80% market of LED for more than 10 years experiences, with professional R&D staff and engineers in some foreign countries such as India and Egypt.

### Display hall

Eton industrial park obtains 50000 square meters , over 300 employees working in 7 buildings, for the production, assembly and commissioning of SMT machine

#### **Our exhibition**

On account of the COVID-19 we have no time to hold an exhibition aboard, yet we believe the virus will pass in a visible trend with protecting ourselves from the crowd and coordinating with the policy of our countries and governments, and hoping to participating in more exhibitions of the world as we are able to hold the exhibition.

Here are the exhibition that we attended from the previous period as India Mumbai Exhibition, India Delhi Exhibition, Egypt Exhibition, Turkey Exhibition, Pakistan Exhibition, etc.

**THE FORIEGN EXHIBITIONS WE HAVE PARTICIPATED IN MANY PLACES**

#### **Packing and transportation**

Our package of the machine is placed in the wooden boxes in a vacuum package , also the accessories of the feeders and other spare parts use cartons to equip with the wooden boxes with the machine. Transport is by sea, air, land transport.

**Step 1: Film packing and foam cotton prevent the dust and water to protect the machine**

**Step 2: Vacuum package and moisture proof bag, to keep dry of the machine during the transportation, then equip with sturdy wooden boxes and transported by trucks to specified port**

## FAQ

Q1. What is your payment terms?

A1. We usually use T/T as our payments term, that you can pay 30% down payment in advance, and pay the balance before the shipment.

Q2. How many feeders station and nozzles of the machine?

A2. Total 48 PCS of feeders station and 24 PCS nozzles.

Q3. How was your services?

A3. We ensure our clients to enjoy an optimal experience of the service of communication and relevant needs of the machine for installation, maintenance and free up- grade.

Q4. Can you accept D/P or D/A as the payment term?

A4. For our regular payment terms, we usually use T/T.

Q5. How can I make inspection when something wrong with the machine?

A5. Well, the inspection is taken by our professional engineer to check and modulate the machine, if you counter any problem of our machine please contact us, and we will arrange our engineer to solve it.
