

68 Heads Pick And Place Equipment Multi Functional Flexible Strip

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: eton
- Certification: CCC CE SRIA
- Model Number: T9
- Minimum Order Quantity: 1 set
- Packaging Details: wooden cases, vacuum packed
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets a month

Product Specification

- Warranty: 1 Year
- Mounting Speed: 200000-250000CPH
- Feeders Station: 68PCS
- Pcb Thickness: 0.5-1.5mm
- PCB Clamping: Vacuum Adsorption, Cylinder Splint, Adjustable Track Width
- PCB Length Width: 250mm*any Length
- Mounting Mode: Group Picking And Group Placing
- No.of Camera: 5 Sets
- Highlight: **68 Heads Pick And Place Equipment, Multi Functional Pick And Place Equipment, Flexible Strip Smt Placement Machine**

Product Description

multi-functional Full-Automatic of flexible strip with 68 Heads Pick And Place Machine

1.Introduction of product

- Dual arm magnetic linear high-speed mounter for flexible strip(no wire), producing 4 types materials at the same time capacity reach 250000CHP, available for 5M,50M, or any length of flexible strip and roll to roll.
- Dual arm four module, 17 nozzles for each mounting part, part A or part B can be mounted separately or synchronously.
- The PCB size is 250*any length.
- It has 68 PCS feeders station.
- Vacuum adsorption, cylinder splint, adjustable track width.

2.Features

Producing with 4 types materials at the same time with high capacity, available for 5 M, 50M or any length of flexible strip and roll to roll.

Dual arm four module, 17 nozzles for each mounting part, part A or part B can be mounted separately or synchronously.

Calibration automatically, high precision, available for RGB.

Exclusive patent technology:group to pick and group to mount.

The speed can reach 250000CPH.

It has 5 PCS cameras to work.

3. Machine parameter

T9		
PCB	PCB length width	250*any length
	PCB thickness	0.5-1.5mm
	PCB clamping	Vacuum adsorption, cylinder splint, adjustable track width
	Mounting mode	Group to pick and group to mount
Vision system	Mounting height	≤5mm
	Repeat mounting precision	±0.02mm
	No. Of camera	5 sets of imported camera (Vision alignment ,mark correction)
	Mounting speed	200000-250000CPH
Feeding system	No. Of feeders stations	68 PCS
	No. Of nozzles	68 PCS
	Feeding way	Electric feeder with double motor

4. Product application

ETON T9 pick and place machine

Dual arm magnetic linear high-speed mounter for flexible strip (no wire), producing 4 types materials at the same time capacity reach 250000CHP, available for 5M,50M, or any length of flexible strip and roll to roll.

5. Company introduction, exhibition, certificate

ETON is the leading manufacturer of global optoelectronic high speed pick and place machine, the products are exported to more than 20 countries and regions.

About Exhibition

Our product are exported to more than 20 countryies and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brail software copyrights.

6. Package and delivery

Step 1: Wrap with stretch film to prevent the equipment from.

Step 2: Vacuum paper packaging and moisture-proof bag, so that the machine can be kept dry during transportation to prevent moisture.

Step 3: Use straps and triangular wood to fix the machine to prevent damage to the machine during transportation.

Step 4: Each exported machine will be equipped with sturdy export wooden boxes, to ensure that the delivered product is good.

7. Service

①Warrantly:1 year free

②We provide you the friendly English user manual or operating video for free.

③Independent offices have been set up in India, Egypt, and other countries to provide better services.

8. FAQ

1.what's the minimum quantity of an order for your company?

1 set machine are welcomed to order, mixed orders are also welcomed.

2.Why choose us?

We are the leading manufacturer of global optoelectronic high-speed pick and place machine, we have more than 10 years experience, Independent offices have been set up in India, Turkey, Egypt and other countries to provide better services.

3.This is the first time I use this kind of machine, is it easy to operate?

It is easy to operate, the language of the machine is English, and we will teach you the basic operation.

If you still have any questions, please contact us by e-mail, WeChat, phone, Skype or other contact information.

4.What's the terms of payment? What about the trade term?

T/T, L/C are OK. 30% pay in advance, the balance before shipment. You can choose EXW Shenzhen.

5.Can you provide a whole line solution?

Yes, we can, we can supply SMT line and some LED production lines.
