

32 PCS Feeders Station capacity can reach 40000CPH Pick And Place Machine LED mounting Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC,SIRA,CE
- Model Number: RT-1
- Minimum Order Quantity: 1PCS
- Packaging Details: We use vacuum wooden box packaging
- Delivery Time: 5-8days
- Payment Terms: L/C, T/T
- Supply Ability: 50pcs/month

Product Specification

- Brand Name: ETON
- Length: 1200mm
- Width: 2000kg
- Height: 1500mm
- System: Windows7
- Software: R&D Independently

Product Description

32 PCS Feeders Station capacity can reach 40000CPH Pick And Place Machine LED mounting Machine

1. FEATURES

RT-1 is a multi-function machine, which is used for mounting bulb, panel lamp, driving board, display screen, downlight, etc.

1.Magnetic linear motor multifunctional pick and place machine

2.Mounting components:LED chip,capacitors,resistors,IC,shaped components,etc.

3.Exclusive patented technology-We have 9 invention patents,112 practical patents,12 software copyright

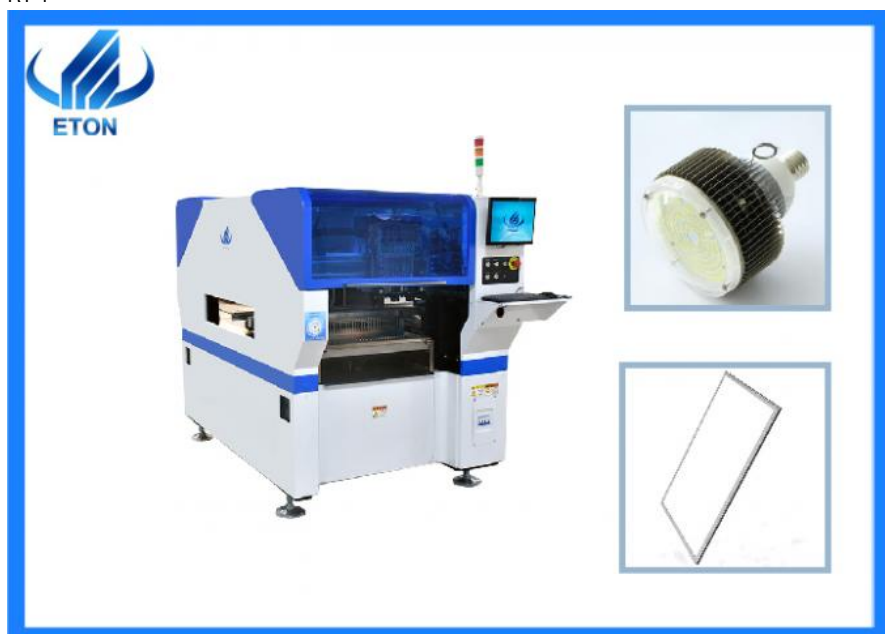

-Vision alignment flight identification,mark correction

-Auto-optimization after coordinates generated,etc

2 .Technical Parameter :

Model	Rt-1
Dimension	1200mm(L)/1930mm(W)/1500mm(H)
PCB length width	MAX:450mm*350mm/MIN:80mm*80mm Non-omnidirectional:610mm*350mm
PCB thickness	0.1-6mm
Mounting Precision	±0.04mm
Components	LED chip,LED chip,capacitors,resistors,IC,shaped components,etc.
Power Consumption	4KW
Air supply	0.4-0.6mpa150N/min
System	Windows 7
Mounting Speed	40000CPH
No. Of feeders station	32PCS
No. of head	10PCS

RT-1

SMT Technological Process

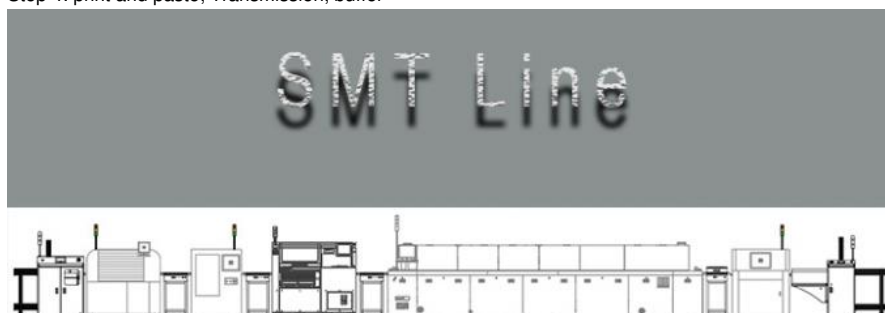

- 1,Printer
- 2,Pick and place Machine/Mounting machine
- 3,Reflow oven
- 4,Conveyor

Step 1: scrape the solder paste with a scraper and leave it on the PCB pad through the steel mesh

Step 2: paste the lamp beads or other electronic components at the designated position of PCB

Step 3: melt the solder paste to make the electronic components better pasted on the PCB

Step 4: print and paste; Transmission; buffer

3. Company information

ETON machine is well-known in the market . In order to assure the quality of goods , we adopt strict processes in material purchasing and products producing .

ETON with more than 10 years experience in SMT machines field. Having more than 80% LED manufacturer are our partners in china.

FAQ

Q 1: What's the way of shipping ?

A : These are all heavy machines ; we suggest you use cargo ship . But spare parts for the machines , air transportation would be fine .

Q 2: What kind of service do you have?

A : we provide free install and training,during warranty,any parts need to be repaired and replaced will be free.

Q3:It's hard to use the machine?

A:No, not at all. For our previous clients, at most 5 days is enough to learn to operate the machines.
