## Highspeed led light making machine 180000CPH for pcb board mounting

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Packaging Details: wooden cases, vacuum packing
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

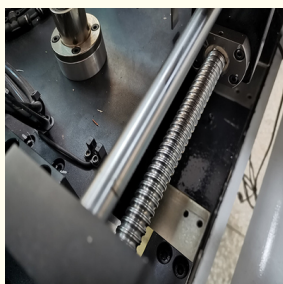

#### Product Specification

- Warranty: 1 Year
- Condition: New
- Dimension: 2700\*2300\*1550mm
- Pcb Thickness: 0.5-5mm
- Power: 380AC 50HZ
- Power Consumption: 6KW

## Product Description

### Highspeed led light making machine 180000CPH for pcb board mounting

#### Machine main features:

1. Apply to the 0.6m, 0.9m, 1.2m rigid PCB and 0.5m, 1m LED flexible strip.
2. Two mounting module, 17 nozzles for each mounting part, part A or part B can be mounted separately or synchronously.
3. Group to take and group to mount.

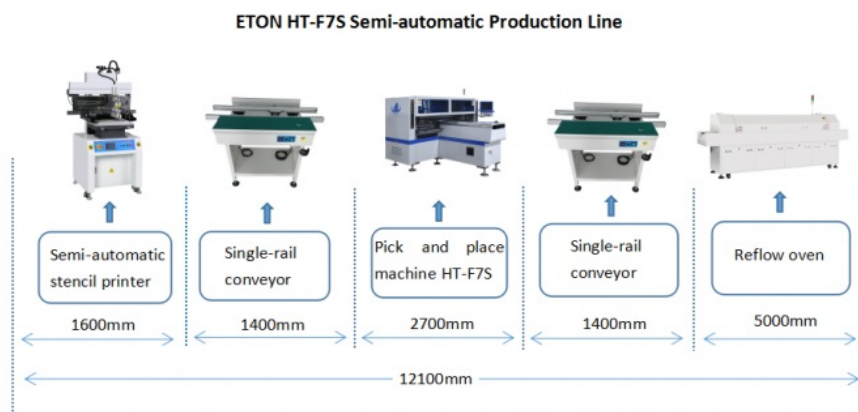

#### Production description:

1. Dual purpose professional high speed mounting machine, 2~4 type of capacity reach 150000-170000CPH.
2. Vision alignment, Mark correction.
3. Components: LED 3014/3020/3528/5050 and capacitors, resistors, bridge rectifiers, etc.
4. Application: flexible strip, LED tube, panel light, display screen, etc.

#### Machine main parameter:

Dimension	2700*2300*1550mm
Total weight	1700KG
PCB size	Max:1200*330 Min:100*100mm
PCB thickness	0.5-5mm
No. of camera	5 sets
Feature of camera	Vision alignment+Mark correction
No. of head	34PCS
No. of feeders	68PCS

#### SMT production line:

ETON over 10 years experience in SMT machines, so we are very professional to provide whole line solution.

Automatic stencil printer machine with pick and place machine, loader, conveyor, unloader, reflow oven to be one automatic line.

#### Application:

Apply to the 0.6m, 0.9m, 1.2m rigid PCB and 0.5m, 1m LED hard light board and LED flexible strip. producing with 2~4 types of materials with high capacity, available for board with any proportion of LED chip and resistors.

#### Service:

We can provide you with excellent service, we also have professional overseas engineers to your factory provide install, training service until you can operate the machine adroitly.

1. We can provide you with the whole production line.
2. Our software is R&D independently. We can offer software upgrade for lifetime for free
3. We have 50,000 square meters of industrial park. The production strength is abundant, occupies the first place in the domestic profession.

#### Client:

We have many customers all over the country, especially in India.

We worked with many brands, and received a lot good reputations because of our excellent services and good quality products .

We cherish each opportunity to service for all our customers, aimed to a long term cooperation .

#### FAQ:

Q: Are you a trade company or a manufacturer?

A: We are an experienced manufacturer of SMT. Our company has been established for ten years, the company has more than 300 employees, the company is a large-scale, is the top domestic enterprises

Q: Is it hard to use these machines?

A: No, not hard at all. For our previous clients, at most 2 days is enough to learn to operate the machines.

Q: Can you provide a whole line solution?

A: Yes, we can .We can supply SMT line and LED production line.

Q: What are your advantages?

A: Our company stick to five level management policy: sincere business, focus on R&D, manufacturing intentions, considerate service, customer trust.
