

45000CPH multi-function LED lens LED bulbs power driver mounting machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC CE SIRA
- Model Number: HT-E8S
- Minimum Order Quantity: 1 SET
- Packaging Details: Vacuum wooden box
- Supply Ability: 50 PCS/month

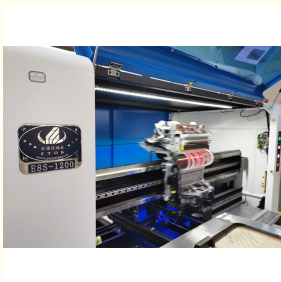

Product Specification

- Name: LED Mounting Machine
- Length: 2550mm
- Width: 1650mm
- Height: 1550mm
- Total Weight: 1700kg
- System: Windows 7
- Software: R&D Independently
- Warranty: 1 Year

Product Description

45000CPH multi-function LED lens LED bulbs power driver mounting machine

product introduce

Our HT-E8S-1200 is a multifunctional machine under Eton.

1) This multifunctional LED making machine is a single-module, which is jointly controlled by high-end Magnetic linear Motor and servo motor to make the paste more accurate.

2) In addition, HT-E8S series has 12 nozzles, 28 feeders, imported cameras and a production capacity of up to 45000CPH, which is far ahead of the multifunctional machine series.

3) Two sets of different cameras work together in production.

4) It can transfer PCB boards with a maximum length of 1200mm, and can produce long board products

O.S

1) This machine is equipped with Windows 7 system, which is easy to operate.

2) On this basis, there is also a touch screen, which can be controlled through the screen.

Feature

1.Electric feeder with double motor
2.Vision alignment flight identification, mark correction
3.Non-stop material re-loading function
4.Auto-optimization ater coordinates generated, etc.

Product appliance

Mounting components: LED chips, capacitors, resistors, lens, IC shaped components.etc

Components: Components that can meet the minimum size 0402, it also can meet the requirements of components with a maximum height of 15mm.

Application: power driver, electric board, lens, DOB board, linear bulb, household appliance etc.

HT-E8S-1200, Compared with another product RT-1 of our company, It can patch larger components such as lens, so if it meets your needs, believe me, HT-E8S-1200 is suitable for you.

parameters

Dimension	L*W*H 2550mm*1650mm*1550mm
Weight	1700kg
Mounting speed	45000CPH
Mounting heads	12 PCS
No. Of feeders station	28 PCS
Components	LED chip, capacitors, resistors, IC shaped components.etc
Components space	0.2mm
X,Y,Z drive way	High-end magnetic linear motor+servo motor

Our service

Before you buying machine

1. we will arrange professional sales of LED light making machine, they will give you professional advice.
2. All day online, full service.
3. The work of the system ensures you to receive goods safely and quickly.
4. Sincerely allocate the production line based on your budget for mutual benefit and win-win cooperation.

After you buying machine

1. 1 year warranty
2. Upgrade the software whole life
3. we will provide latest information about technology and equipment.

Ship and package

Shipping: within 30 work day after payment

Package: stand customized package

one year, during warranty,
any parts need to be
repaired and replace will be
free.

Warranty

Technical Support

Provide latest information
about technology and
equipment

Full Service

Send our engineer to buyer's
factory to install machine
and training freely.

After sale

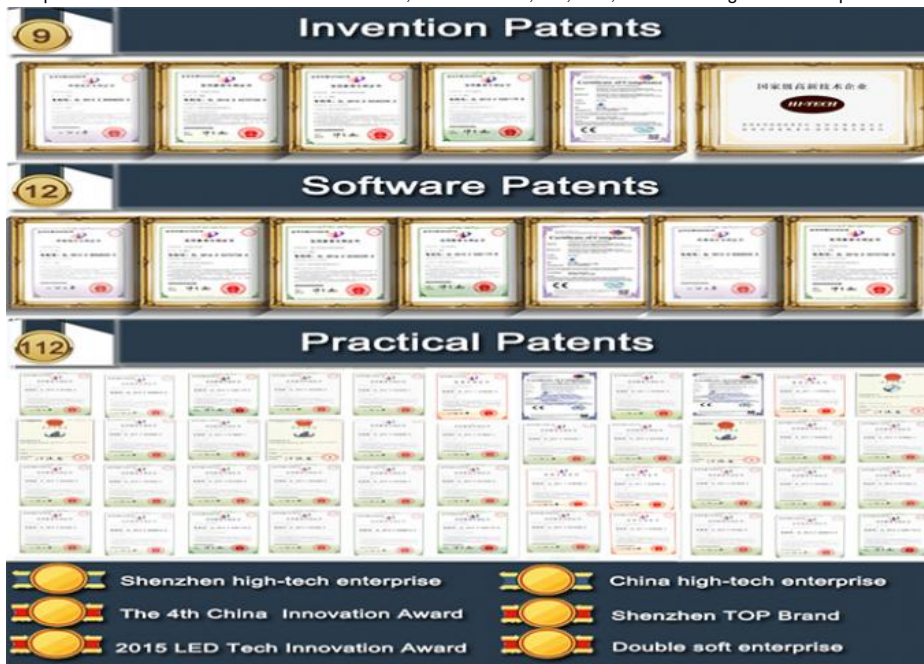

Visit customers
regularly and gather
information

Our attitude

Our philosophy is to create value for customers, creating for benefits for society.

certificates

Our products have obtained various certificates, such as CCC, CE, Sira, Shenzhen high tech enterprise award and so on.
