

High Quality Smt Pick And Place Machine Of The Bulb Light With 40000CPH

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: eton
- Certification: CCC CE SRIA
- Model Number: RT-1
- Minimum Order Quantity: 1 set
- Packaging Details: wooden cases, vacuum packaged
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Dimension: 1200*1930*1500mm
- Total Weight: 2000kg
- Pcb Length Width: 450*350mm(max) 80*80mm(min)
- Speed: 40000CPH
- No.of Heads: 10pcs
- No.of Nozzles: 32 Pcs
- Components Space: 0.2mm
- Feeding Way: Electric Feeder With Double Motor

Product Description

40000CPH high speed smt placement machine with 32 nozzles for led bulb light

Introduction to products:

Single module magnetic linear motor multifunctional pick and place machine

The placement configure 10 nozzles.

The speed can reach 40000CPH

It can mount a wide range.

The height can be customized.

Features:

- (1)Magnetic linear motor multifunctional pick and place machine.
- (2)Mounting components:LED chip, capacitors, resistors, IC, shaped components,etc.
- (3)Electronic feeder feeding system
- (4)Vision alignment flight identification, mark correction
- (5)Auto-optimization after coordinates,generated, etc.
- (6)The placement configure 10 nozzles.

Machine parameter:

RT-1		
PCB	PCB length width	Max:450*350mm Min:80*80mm
	PCB thickness	0.1~6mm (if <0.6mm need jig)
	PCB clamping	Pneumatic
	Mounting mode	1.Group to pick and separate to place 2.Separate to pick and separate to place
O.S.	System	Windows 7
	Software	R&D Independently
Vision system	No. Of camera	2 sets of imported camera (Vision alignment ,mark correction)
	Mounting speed	40000CPH
	Electrical control	Independent research and development by ETON
Feeding system	No.of feeders station	32 PCS
	No.of nozzles	10 PCS

Company introduction,certificate,exhibition

ETON is the leading manufacturer of global optoelectronic high speed pick and place machine, the products are exported to more than 20 countries and regions.

About Exhibition

Our product are exported to more than 20 countryies and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brail software copyrights.

Package and delivery

All machines shipped abroad will use foam packaging to protect the machines from collisions;

* Secondly, it will be wrapped with stretch film to prevent the equipment from getting damp;

* Vacuum paper packaging and moisture-proof bags keep the machine dry during transportation to prevent moisture;

* Use straps, triangles and nails to fix the machine to prevent damage to the machine during transportation;

* Each export machine will be equipped with a strong export-free wooden box;

Package and delivery

FAQ

Why do you choose us?

We are the leading manufacturer of global optoelectronic high-speed pick and place machine, the products are exported to more than 20 countries and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil, etc.

What is the delivery date?

We will deliver the goods after 30 days' deposit.

How about the operation of machine?

It is easy to operate of the machine. It takes about three to five days to get familiar with the operation.

Do you have oversea after sale service?

Yes, we do. We have India, Egypt and Turkey office and local engineer, etc. We can provide technical support abroad. If you have any technical problems, our engineers will provide you with timely support.

What machine can I buy from you?

We will also produce patch peripheral equipment, mainly the following several: Multi-function placement machine, high-speed placement machine, dispensing machine, loading machine, printing machine, reflow soldering, etc.
