

High quality capacity reach 40000 cph mounting for led products SMT mounter machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: RT-1
- Minimum Order Quantity: 1 set
- Packaging Details: package of the machine is taking vacuum package with wooden boxes
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Warranty: 1 Year
- Condition: New
- Dimension: 1200 Mm* 1930 Mm* 1500 Mm
- No. Of Camera: 2 PCS
- PCB Length Width: Max: 450*350mm (Non-omnidirectional 610*350mm) Min: 80*80mm
- Components Space: 0.2mm
- Mounting Precision: $\pm 0.04\text{mm}$
- Mounting Speed: 40000 Cph

Product Description

High quality capacity reach 40000 cph mounting for led products SMT mounter machine

Machine main parameter

Model	RT-1
No. Of camera	2 PCS
PCB length width	Max: 450*350mm (Non-omnidirectional 610*350mm) Min: 80*80mm
PCB thickness	0.1-6mm (if <0.6mm need jig)
PCB clamping	pneumatic
Components space	0.2mm
Mounting precision	±0.04mm
Mounting speed	40000 CPH
No. of head	10 PCS

Machine main features

Magnetic linear motor multifunctional pick and place machine

Mounting components: LED chip, capacitors, resistors, IC, shaped components, etc.

Electronic feeder feeding system

Vision alignment flight identification, Mark correction

Auto-optimization after coordinates generated,etc

Our advantages

Have been in SMT line for more than 10 years experiences.

Have a 50000 square meters industrial park in Jiangxi province.

Provide a whole production line for SMT machine.

Free installation and teach with professional engineers in some countries, such as India and Egypt.

Machine application

RT-1 multifunctional SMT machine, taking group picking and separately placing, and separately picking and separately placing that can mount high components, and RT-1 can mount various products in LED market, as led bulb, led tube, LED street light, power driver and circuit board etc.

Street light

Panel light

Down light

Ceiling lamp

Wall wash lamp

Guardrail pipe

LED bulb

Spotlight

Packages

Our package of the machine is taking vacuum package with wooden boxes, also the accessories of the feeders and other spare parts use cartons to equip with the wooden boxes with the machine.

Here is the main procedures of our packing:

Our Exhibitions

Our company has participated in various exhibitions in foreign countries, including India Mumbai Exhibition, India Delhi Exhibition, Egypt Exhibition, Turkey Exhibition, Pakistan Exhibition, etc.

FAQ

Q1. Can you arrange your engineers to our country for a training of the machine?

A1. Yes, our clients enjoy a free training for the machine as installation, maintenance etc.

Q2. How long is the machine maintenance period, whether it is free?

A2. The maintenance period of our machine is 1 year and its free for our clients.

Q3. How can I get an optimal line for our product?

A3. As the needs of the whole line solution, we will provide our professional suggestion and a whole line production for our clients, as to provide a suitable plant layout.

Q4. What is the payment term?

A4. We use T/T as the payment term.

Q5. How about the actual speed of your machine?

A5. For the actual speed of the machine which is constrained by many factors, and related to the number of the components, the time to send PCB board to receive the board, etc. And is decide for the actual products and needs of our clients.
