

## multifunctional LED light making 28 PCS feeders station 45000CPH pick and place machine

### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC/CE
- Model Number: HT-E8S
- Minimum Order Quantity: 1 set
- Price: USD 28800-43200
- Packaging Details: wooden box with vacuum package
- Delivery Time: 30 days after deposit
- Payment Terms: L/C, T/T
- Supply Ability: 50 sets per month

### Product Specification

- Name: Pick And Place Machine
- Weight: 1700kg
- System: Windows 7
- Mounting Speed: 45000CPH
- Power Consumption: 4KW
- Transmission Direction: Both Direction(option)
- XYZ Axis Drive Way: High-end Magnetic Linear Motor And Servo Motor
- Feeder Station: 28 PCS Single Module
- Head: 12 PCS Single Module
- Feeding Way: Electric Feeder With Double Motor

## Product Description

### multifunctional LED light making 28 PCS feeders station 45000CPH pick and place machine

#### Technical parameter

Length: 2550mm	
Width: 1650mm	
Height: 1550mm	
Total weight: 1700kg	
PCB Length width	Max: 1200*500mm Min: 100*100mm
PCB Thickness	0.5-5mm
System	Windows 7
Display	Touch screen monitor
Input device	Keyboard, mouse
Transmission speed	≤1000mm/sec
Conveyor transmission	Max length: 1200mm
Mounting precision	±0.04mm
Component space	0.2mm
Component height	<15mm ( Automatic changing)
Transmission direction	Both direction (Option )
No. Of feeders station	28PCS Single module
No. Of head	12PCS Single module
Operating environment	23 ±3
Power consumption	4KW
X, Y, Z Axis drive way	High-end magnetic linear motor and serve motor
Feeding way	Electric feeder with double motor

#### Mounting components and Applications

Mounting components: LED chip, capacitors, resistors, IC, crystal, lens, shaped component etc.

Applications: power driver, electric board, DOB bulb, linear bulb, lens, household appliance etc.

#### The Feature of HT-E8S Multifunctional mouter

Single module magnetic linear motor multifunctional pick and place machine

Fixed PCB board with adjustable pressure pneumatic mode

ETON Independent Research and development of machine software with 2 language( English and Chinese)

2 sets of imported camera and vision for the fight identification, Mark correction

The optimum capacity reach 45000CPH

Electronic feeder feeding system

Vision alignment fight identification, Mark correction

Non-stop materials re-loading function

#### The Completed SMT Production Line Of HT-E8S

We have the completed SMT production Line, including solder paste printer machine, conveyor, pick and place machine, reflow oven. Choose us, we will provide the production line which is suit for you. We also offer personal customization to satisfy your personalized production needs.

### The exhibition

ETON actively participates in various exhibitions at home and abroad, and lets our products show up in front of our customers. Our exhibitions include domestic Guangzhou Light Asia Exhibition, Shanghai Munich Exhibition, Chongqing LED exhibition, international exhibitions in India Mumbai exhibition, Pakistan exhibition, Egypt exhibition, Turkey exhibition and so on.

### ETON EXHIBITION

### The Service

#### Before sales

Our sales specialist will analyze and recommend the equipment and production line best for you and Provide exclusive and customized services

#### Under sales

Specialist sale tracks the equipment production and transport situation in time, ensure that the equipment arrives at customers in good condition, and provide professional technical guidance for equipment assembly, and part of areas provide door-to-door service for overseas engineers

#### After sales

One-year warranty period, sales specialist to answer questions online 24 hours; regularly visit customers to understand the working status of equipment.
