

# Professional SMT Mounting Machine Highspeed 180K CPH For LED Tube Flexible Strip

## **Basic Information**

- Place of Origin:
- Brand Name:

China ETON

HT-F7S

30 days

T/T

CE, CCC, SIRA

50 sets per month

- Certification:
- Model Number:
- Minimum Order Quantity: 1 set
- Packaging Details: wooden cases, vacuum packing
- Delivery Time:
- Payment Terms:
- Supply Ability:

## **Product Specification**

- Warranty:
- Name:Application:
- Condition:
- Weight:
- Mounting Speed:
- Pcb Thickness:
- Highlight:

CCC Professional SMT Mounting Machine, Highspeed SMT Mounting Machine	
0.5-5 Mm	
150000-180000CPH	
1700kg	
New	
SMT Production Line,for SMT Machine	
SMT Pick And Place Machine	
1 Year

## Professional highspeed LED tube/flexible strip making machine with 180000CPH pick and place machine

## Product Description and Advantages:

- 1.It has 34PCS head and the mounting speed can reach 180000CPH.
- 2. The maximum PCB size is 1200\*330mm.
- 3. Group to take and group to mount
- 4.Dual arm professional high-speed SMT machine.
- 5.It can produce tube, LED flexible strip, panel light etc.
- 6.Mounting components: LED 3014/3020/3528/5050 and capacitors, resistors, bridge rectifiers etc.

### Machine main parameter:

Length	2700mm
Width	2300mm
Height	1550mm
Total weight	1700kg
PCB size	Max:1200*330mm Min:100*100mm
PCB thickness	0.5-5mm
Mounting height	≤5mm
Mounting speed	180000CPH
	34PCS
Mounting precision	±0.02mm

## Advantage:

Efficient team: The best suggestions of full SMT lineequipment according to your budget and site.

Competitive price: We are directly manufacture of theETON pick and place machine, so we can give you thebest competitive price with high quality materials.

High quality: We have strictly quality control during allproduction from raw materials to the finished machine.

High efficiency: Allmachines parts are made byourselves, so it" s convenient to control the timeschedule and quality timely.

### Company introduction:

1. We had building a long-term partnership with some strong factories!

- 2. We specialize in this field for 10 years.
- 3. We have our own professional designers.
- 4. We have 50,000 square meters of industrial park.

for more products please visit us on smtmountingmachine.com

#### Exhibition:

Our mode of transportation including water, land and air transportation. You can choose the most suitable way according to your requirements.

Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.

#### service:

1.We have local India engineer, as long as you buy the machine, we will arrange engineer to install, debug, and training you for free, until you learn to operate the machine, service is very convenient. We have offices in Mumbai and New Delhi, very quick to support.

- 2. Besides, India, we also have local engineers in Egypt, Turkey. Can provide you with timely services.
- 3. One-year warranty period, any parts that need to be replaced or repaired during the warranty period are free.
- 4. Once you buy our machine, you will enjoy free software upgrades for life.

Both our service and the machines we sold got great reviews from our customers

#### FAQ:

#### Q: How is the breakdown rate of machine?

A: our machine is very stable, the breakdown rate is less than 0.001.

#### Q: What kind of machine will provide besides pick and place machine ?

A: ETON as the largest manufacturer of SMT machine in China, we provide whole SMT line, such as reflow oven, printer, conveyor, pick and place machine, Loader, Unloader, etc.

#### Q:What are your advantages?

A: Our company stick to five level management policy: sincere business, focus on R&D, manufacturing intentions, considerate service, customer trust.

#### Q: Do you have oversea after sale service?

A: We can provide technical support abroad. If you have any technical problems, our engineers will provide you with timely support. Abroad, we have India office, Indian engineer, Jerusalem office, engineer, Egyptian engineer, etc.

#### Q: How is the training?

A: After purchasing our machines, you can send your engineers to our factory, or we send our engineers to your factory, and then we will train your personnel to operate these machines. Online training and video tutorials. During the epidemic, if our engineers can't make it through, we also have special one-on-one online training and video tutorials..
