

## Dual Arm SMT Mounting Machine Professional High Capacity Pick And Place Machine

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum package, wooden case
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets/month

### Product Specification

- Name: SMT Pick And Place Machine
- Weight: 1700kg
- Mounting Speed: 180000CPH
- Head: 34pcs
- Type: Automatic
- Usage: Circuit Board Assembly, SMT Mounting Machine, SMD, LED
- Application: SMT Production Line, for SMT Machine
- Warranty: 12 Months
- Highlight: **SMT Mounting Machine Dual Arm, Professional SMT Mounting Machine, LED High Capacity Pick And Place Machine**

## Product Description

### Dual arm professional highspeed 32pcs heads high capacity pick and place machine

#### Production description

Dual-arm professional high-speed mounter

Double module, vision system with camera 5 sets, high precision mounting.

The equipment software is independently developed by the company. And the machine is suitable for semi-automatic production line and full- automatic production line.

#### Product feature

Apply to the 0.6m,0.9m,1.2m rigid PCB and 0.5m,1m,LED flexible strip.

Producing with 2-4 types of materials capacity reach 180000CPH

Available for board with any proportion of LED chip and resistor.

Calibration automatically, high precision, available for RGB.

#### Application

Mainly for 0.5m and 1m flexible strip light , tubes and panel light can also be mounted.

#### Our advantage

More than ten years of experience in research and development production and sales.

we have established overseas offices and local engineers in Egypt, Turkey, India,etc.

Patents: 9 invention patents, 12 software copyrights, 112 practical patents.

Free installation and training, software lifetime free upgrade,etc.

In China, 80% of the large LED factory manufacturers are our customers

We can provide complete SMT production line solutions and equipment etc

#### Company profile

Production  
workshop

Shenzhen Eton Automation Equipment Co.,Ltd is a manufacturing of SMT high-speed pick and place machine and SMT peripheral automation equipment. The products are exported to more than 20 countries and regions, including South Korea, India, Vietnam, Egypt, Turkey, Russia , Brazil,etc.

### Package

Our usually use vacuum wooden packaging, to ensure the products are good during the transportation for our customer.

### Exhibition

we often participated in exhibitions in Thailand, Turkey, Mumbai, Delhi, Pakistan,Egypt and so on. However, due to the epidemic situation, we did not go aboard to participate in the exhibition.

### FAQ

Q:Do you have offices and local engineers in overseas?

Yes, we have established offices and local engineers in Egypt, Turkey and India,etc

Q: About technical offer

A: As for machine operation, we will arrange engineers to go to your factory for installation and teaching after you buy our machines.  
If you have engineers who have been involved in the installation of SMT equipment, we can teach you how to install it online.

Q: Is the software for these machine in English?

A: Yes. Our software is independently developed, there are two version in English and Chinese.

Q: This is the first time I use this kind of machine, is it easy to operate?

A: There is English manual or guide video that show you how to use machine. If you still have any question, please contact us by e-mail/ Skype/ phone/ wechat/ online service.

Q:What is the difference between semi-automatic production line and full-automatic production line?

A:In short, fully automatic production lines are expensive, but require less labor. Semi-automatic production line is more affordable, but the labor will be more than the automatic line
