

Dua Arm LED Tube SMT Mounting Machine 180000cph High speed Pick And Place Machine

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE,CCC,SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 sets
- Packaging Details: Vacuum wooden box packaging
- Delivery Time: 30 days
- Payment Terms: T/T,

Product Specification

- Machine Type: Highspeed SMT Machine
- Dimension: 2700*2300*1550mm
- Weight: 1700kg
- PCB Size: Max:1200*330mm; Min:100*100mm
- Head: 34 Pcs
- Mounting Speed: 150000~180000CPH
- Highlight: **Dua Arm LED SMT Mounting Machine,
SMT Mounting Machine 180000 cph ,
ETON High Speed Pick And Place Machine**

Product Description

Dua-arm led tube 180000cph highspeed pick and place machine

Features:

- (1) Dual-arm professional high-speed pick and place machine.
- (2) Producing with 2~4 types of materials with high capacity, available for 5m,50m or any length of flexible strip and roll to roll.
- (3) This machine has a total of 34 nozzles, which mounting speed reached 180000 CPH.
- (4) Apply to led tube, led flexible strip light, panel light and so on.

Machine parameter:

Model	HT-F7S
Dimension(L*W*H)	2700*2300*1550mm
Weight	1700kg
PCB length width	Max:1200*330mm;Min:100*100mm
PCB thickness	0.5~5mm
Mounting precision	±0.02mm
Mounting mode	Group to pick and group to mount
Mounting height	≤5mm
Mounting speed	150000~180000CPH
Power consumption	6KW
No. Of feeders station	68PCS
No. Of head	34 PCS

Application:

This machine is mainly suitable for 0.5m,1m led flexible strip, led tube, panel light and so on.

Packing:

Our advantages:

The Camera adopts Germany imported spare part, automatic visual auxiliary positioning, positioning is accurate, convenient.

Our feeder is electric feeder, can satisfy the requirement of different SMT LED components.

Machine's software is easy to operate, can update anytime by free.

Decades experiences in the pick and place machine field.

80% larger and listed led factory are our client and occupied a vast foreign LED market.

We have our own machine industrial park, which is used to produce and manufacture machine.

Machine main part:

Services:

1.Free technical support: 7*24 hours online technical service.

2.Free installation and training: we have established offices overseas. We can arrange engineers to go directly to the factory for free installation and training.

3.Free upgrade software: machine software is developed by our company, so we provide life-long free upgrade software for customer for customer who purchase the machine.

4. We can provide SMT production line solution with you.

FAQ:

1.Do you have overseas after-sales services?

Yes.We can provide technical support abroad with you. We have offices overseas and have local engineers to help you solve the problems with the pick and place machine offline.

2.How about the warranty?

We support one year warranty. We will help you in time. All the spare parts will be provided free of charge for you within the warranty period.

3.Is it hard to use these machines?

No,not at all. 3 days is enough to learn to operate the machines.

4.What can you buy from us?

Pick and place machine, Automatic stencil printer,SMT machine,Reflow oven,LED light production line.
