

10Pcs Head SMT Mounting Machine LED DOB Bulb SMT Placement Machine

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: RT-1
- Minimum Order Quantity: 1 Set
- Packaging Details: wooden box with vacuum package
- Delivery Time: 30 days after deposit
- Payment Terms: T/T
- Supply Ability: 50 sets per month

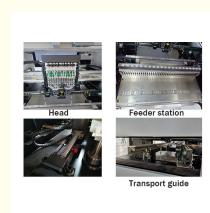

Product Specification

- Dimention(mm): 1200*1930*1500
- Total Weight: 2000kg
- PCB Length Width: MAX:450mm*350mm MIN:80*80mm
- PCB Thickness: 0.1-6mm (if<0.6mm Need Jig)
- Mounting Precision: $\pm 0.04\text{mm}$
- Mounting Speed: 40000CPH
- No.of.feeders System: 42PCS
- No.of .head: 10PCS
- Components: LED Chip, Capacitors, Resistors, IC, Shaped Componets. Etc.
- Feeding Way: Electric Feeder With Double Motor.
- Highlight: 10Pcs Head SMT Mounting Machine, SMT Mounting Machine 40000CPH, DOB Bulb SMT Placement Machine

Product Description

10 pcs head LED bulb DOB bulb 2 pcs Vision camera SMT line pcb mounter

The development history of placement machine:

The placement machine has gradually developed from low speed and low precision to the current **high speed and high precision**. Both in speed and accuracy, it is far greater than the traditional manual placement. In **computer placement**, optics, precision machinery, ball screws, linear Guide rails, linear motors, harmonic drives, mechatronics high-tech equipment composed of vacuum suction, vision, and other components. At this time, the placement machine has become an **important symbol** of the core development of the company. It is also the most critical equipment in our entire production line.

1.Share ETON Company to you!

ETON Company More than 10 years of experience in Led filed smt machine. Kinds of LED product, ETON multifunctional and highspeed mounter can make it. Professional R&D team and Sales team.

Our Product Introduction

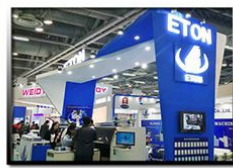

ABOUT US

Shenzhen ETON Automation Equipment Co., Ltd. was founded in 2011. ETON is the leading manufacturer of global optoelectronic highspeed pick and place machine, Full SMT line. the products are exported to more than 20 countries and regions, including South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil etc.

Pick and place machine for ic/led chip/resistor/capacitor/lens/etc.

3.Show RT-1 Details to you!

Updated New Design, more stable with high quality. Mounting precision: mounting 0402 size components is perfect!

P&P Machine

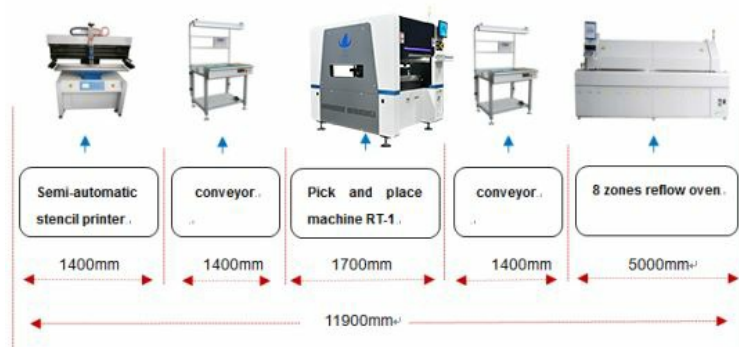

RT-1

Motor	Servo motor (Ball screw), Magnetic linear motor
System	Feeder system, Camera system is Top brand with high quality
PCB Size(mm)	80*80-450*350
Feeder stations (pcs)	42 pcs (more than before RT-1 machine)
Software	R&D by ETON - free update

4.SMT production line solution

SMT LED production line solution, provide to customers, the machines all we have, conveyor, loader, reflow oven, solder paste, pcb mounter; economic and automatic line for you.

ETON - RT-1 Semi-automatic Production Line

5. Factory of customer

In China, We have over 80 percent led filed of customer, led bulb, tube, down lights, factory real production line for you. Other countries, ETON covered more and more countries. India, Vietnam, Egypt, Turkey..... local engineer can do best service to you.

5. Packing Steps

Over 130 Certification with high quality, Vacuum waterproof and wooden packing ensure to safe and high quality machine to customer.

ETON

PACKAGING STEPS

Step 1

Step 2

Step 3

● The interior adopts standard export vacuum waterproof and dustproof packaging

● The exterior is packed in a strong wooden box to ensure the safe transportation of heavy and large equipment

6. FAQ

1. Which language is the software? Do you provide software updates?

--English or Chinese. Free to upgrade software for whole lifetime.

2. How about the warranty?

--We support one year warranty. We will help you in time. All the spare parts will be provided free of charge for you within the warranty period.

3. How is the training?

--After buying our machines, your engineers can go to our company or it is so easy to operate the machine according to the training video and user manual, the user manual will come with the machine together.

4. Does your machines have quality certificate?

--All of our machines have passed CE certificate, over 130 own patent.
