

Dual Arm High Speed Pick And Place Machine Surface Mounter Technology

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum packaging and wooden cases

Product Specification

- Warranty: 1 Year
- Application: SMD Production Line
- Power Supply: 380AV 50HZ
- Weight: 1700kg
- Mounting Speed: 180000-150000 CPH
- Type: Automatic
- Usage: SMT Mounting Machine
- Dimension: 2700*2300*1550mm
- Feeders: 68PCS
- Pcb Thickness: 0.5~5mm
- Highlight: 5mm high speed pick and place machine,
SMD high speed pick and place machine,
Dual Arms pick and place machine

Product Description

Dual-arm surface mounter technology high speed pick and place machine

Product description

HT-F7S is dual-arm professional mounter. Suitable for 0.6, 0.9, 1.2 meters hard board lights, 0.5, 1 meters soft light strips. Can produce 2 to 4 materials at the same time without affecting high productivity.

34 nozzles

68 feeders

Dual-arm

150000~180000 CPH

Available for RGB

Dimension	2700*2300*1550mm
Weight	1700kg
PCB length width	1200*330mm 100*100mm
PCB thickness	0.5~5mm
PCB clamping	Adjustable pressure pneumatic
Mounting mode	group picking and group placing,
NO.of camera	5 PCS
Mounting precision	±0.02mm
Mounting speed	150000~180000CPH
NO.of feeders station	68PCS

Company profile

Famous brand of SMT pick and place machine

Products are sold overseas

Have own engineers in Turkey and India

Customer case

Our products not only sell well in China, but also exported to more than 20 overseas countries, such as South Korea, India, Vietnam, Tunisia, Egypt, Turkey, Russia, Brazil, Iran and so on.

FAQ

1:What are the benefits of using your self-developed software?

A:The software is independently developed, and we know how to make the software more intelligent and easy to operate during the research and development process.

2:What is your guarantee of quality?

We have our own industrial park with production center, R & D center and quality inspection center to ensure the quality of machines.

3:What is your delivery date?

A:The delivery date is about 20 days upon the full payment.

4:Does the price include nozzles and feeders?

A:We don't include nozzles and feeders,because each customer requires different nozzles and feeders.
