## ETON SMT Line Equipment PCBA SMD Automatic 90000cph Glue Dispensing Machine

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-D12-1200
- Minimum Order Quantity: 1 set
- Packaging Details: wooden cases, vacuum packing
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

### Product Specification

- Warranty: 1 Year
- Condition: New
- Max PCB Size: 1200\*500mm
- Dispensing Accuracy: 0.1mm
- Dispensing Speed: 90000CPH
- Power: 220AC 50HZ
- Highlight: ETON SMT Line Equipment,  
Glue Dispensing SMT Line Equipment,  
90000cph glue dispensing machine

## Product Description

### ETON SMT Line Equipment pcba manufacture machines smd automatic 90000cph glue dispensing machine

#### Feature:

- 1.English interface option,easy to operate
- 2.CCD positioning system,visual positioning compensation automatically,correct the deviation of PCB.
- 3.Large size track,suitable for different size of PCB.
- 4.Contactless high speed injection dispensing head,dispensing glue continously with high efficiency.
- 5.Intelligent dispensing head ensure good performance ,high efficiency and lower glue wasting
- 6.Full time monitoring of glue volume,autoprompting low glue volume .
- 7.Dispensing head constant temperature function,ensure the glue in liquid.
- 8.Control the dispensing value in milliseconds,ensure the conformity of glue volume.
- 9.Online visual programming,load CAD easily more convinient.
- 10Automatic program standby,start up production rapidly,intelligent manufacturing .
- 11.Apply to various kinds (round,linear,lattice etc.) of products.
- 12.High performance linear servo motor drive for X,Y,Z axes,ensure high accuracy in high speed.
- 13.Universal signal connecting,connect equipment online easily.
- 14.Large capacity SSD industrial control system ,high speed access ensures system response speed.

#### Main parameter:

model	HT-D12-1200 Automatic glue dispenser machine
Dimension	1800*1050*1550mm
Max PCB size	1200*500mm
Dispenser mode	Pneumatic injection value
Dispenser accuracy	200
Dispenser speed	90000 CPH
Dispensing temperature	<15mm
Max running speed	1200/sec

#### SMT line:

ETON over 10 years experience in SMT machines, so we are very professional to provide whole line solution and equipment.such as:

Pick and place machine,semi-auto/full-automatic stencil printer machine, loader, conveyor, unloader, reflow oven to be one automatic line.

Automatic line save much labor cost compared with the semi-automatic line, also with higher printing precision could produce high quality electrical products. Here are the automatic SMT line solution layout

Company introduction:

## Company Profile **ETON**

**ETON Industrial Park**

**ETON Sales Engineer**

**ETON Technical Team**

**ETON Factory Plant**

**Top brand**

**Advanced technology**

**Excellent services**

Eton company established in 2011 which is focusing on SMT pick and place machine. and has achieved everyone's unanimous recognition and praise. In the field of high-speed placement machines has become a leading Chinese brand. Before 2020, Eton company has established JIANGXI Industrial Park, SHENZHEN Headquarters, East China ZHEJIANG Office, ZHONGSHAN Office and XIAMEN Office in China. And has established a Delhi office in India.

ETON advanced technology and innovation drives the revolution of market rapidly, and obtains a number of intellectual property technologies, including 9 invention patents, 12 software copyrights. 112 Practical patents, Moreover, ETON has invented the fastest automatic pick and place machine with speed 200000CPH, which save much labors and space fir production, got large market over 20 countries.

Eton machine has undergone R&D testing, production quality inspection and one-week aging. Make sure that the machine is in good condition before shipping. Besides, the company has a dedicated after-sales team to provide 24-hour online services.

ETON has Indian local engineer, Turkey local engineer and Egypt local engineer and also plan to expand our foreign engineer team to provide more convenient services to our customers

Shenzhen ETON Automation Equipment Co., Ltd. has been committed to the development and manufacture of placement machine equipment, insisting on the concept of "serving customers" and establishing the market trend.

**Packaging:**

#### First step

All machines delivery to abroad will use Foam wrap, to Protect the machine from collision

#### Second step

The second layer will be wrapped with stretch film to prevent the equipment from getting wet

#### Third step

Vacuum paper packaging and moisture-proof bag, so that the machine can be kept dry during

Our mode of transportation including water, land and air transportation. You can choose the most suitable way according to your requirements.

Our packing is made of wooden box with vacuum package, and we promise to deliver the goods within four weeks after payment.

#### Service:

Maintenance period 1 year

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

Software and hardware lifetime maintenance

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

Visit customers regularly and gather information

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

Provide latest information about technology and equipment

We give professional technology suggestion with our clients. And share the updates news to our clients.

#### FAQ:

##### Q: It's hard to use the machine?

A: Machine is very intelligent and easy to operate, like the intelligent phone, also the software is made by our company, so we know how to make it more intelligent and operate friendly.

Q: How long is the time of delivery?

Generally, the test delivery period is one month.

##### Q: If my order is very urgent, how long you can proceed?

We have helped many clients with their urgent demand. If your order is urgent, please check with our specialists to see if we can help.

##### Q: How are the products packed for sea shipment?

Most of the products have their unique packing, Then we put them into a carton. The cartons are sealed with tape.

##### Q: How can you make sure that the products won't be damaged or wet?

We take multiple measures to protect the products. They are first packing with individual. We put them into a carton and wrapped with plastic film and sealed with tape to keep the cartons in position and protect them from water.
