

High Speed Automatic Stencil Printer Embedded Scale For SMT Production Line

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: ET-5235
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum packaging and wooden cases
- Delivery Time: 5~8 work days
- Payment Terms: L/C, T/T

Product Specification

- Warranty: 1 Year
- Application: SMT Production Line
- Condition: Brand-new
- Weight: 700kg
- Type: Automatic
- Dimension: 1240(L) X 1450(W) X 1650(H)mm
- Printing Accuracy: ± 0.025 mm
- Cleaning System: Dry, Wet, Vacuum (Programmable)
- Squeegee Type: Steel Scraper(Standard), PV Scraper(Optional)
- Print Head: Two Independent Direct-connect Motor-driven Printheads
- Highlight: **high speed Automatic Stencil Printer, embedded scale Automatic Stencil Printer**

Product Description

Full automatic high precision vision stencil printer high speed
Production introduction

ET - 5235 is programmable suspended from the debug print head, stepping motor drive, and is embedded scale, never fall off.
High precision, long service life.

Two independent direct connect motor- drive printhead

Screen frames	Max:737mm Min:470 mm Thickness:25~40mm
PCB size	520x350mm /Min: 50x50mm
PCB thickness	0.6 ~6mm
Transport speed	Max 1200mm/s Programmable
Print head	Two independent direct-connect motor-driven printheads
Squeegee type	Steel scraper(Standard),PV scraper(Option)
Cleaning system	Dry,Wet,Vacuum (Programmable)
Printing accuracy	± 0.025mm
Dimension	1240(L) x 1450(W) x 1650(H)mm
Weight	Approx:700kg

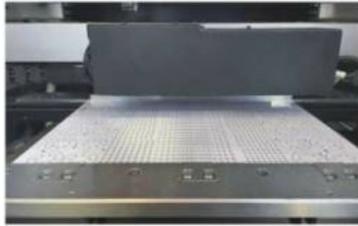

Main features

- Unique crafted internal gear conveyor belt to prevent jamming
- The size of steel mesh is universal, with good and wide applicability
- Cast aluminum scraper beam to ensure smoother running of scraper
- Make program files with teaching and navigation functions, with prompts for each step
- One-key switch between Chinese and English, with operation log, fault record analysis and diagnosis and other functions.
- X, Y axis adopts high-precision grinding ball screw, driven by servo motors at both side

Detailed description

Arch bridge-shaped suspension hanging
direct-connect scraper

The polarize is added inside, and the MARK of different shapes is automatically and accurately grasped, and the upper, lower and coaxial three-way uniform light sources.

Company profile

Shenzhen ETON Automation Equipment Co., Ltd. was established in 2011. ETON is the first brand of placement machines in China and a leader in the placement machine industry in China. SMT high-speed placement machine and SMT peripheral automation equipment in Shenzhen, Guangdong Province

FAQ

You can provide a fully automatic printing machine production line?

Yes, we can according to your request to provide production line, can also provide all the machines in production line.

What service you can provide us?

Free software update

The machine warranty for one year

Provide custom

Free installation and training

Shenzhen Eton Automation Equipment Co., Ltd.
