

Programmable PCB Solder Paste Printer Automatic Screen Printer Flexible Side Clips

Our Product Introduction

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: ET5235
- Minimum Order Quantity: 1 set
- Packaging Details: Standard sea shipping vacuum wooden case packing
- Delivery Time: 5-8 work days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Max Pcb Size: 520*350mm
- Min Pcb Size: 50*50mm
- Pcb Thickness: 0.6-6mm
- Cycle Time: Less Or Equal 9s
- Squeegee Angel: 55°
- Transport Height: 900±20mm
- Highlight: **Programmable pcb solder paste printer,
Side Clips pcb solder paste printer,
Solder Paste automatic screen printer**

Product Description

Hot sale pcb solder paste machine automatic screen printer

ET5235 automatic stencil printer Introduction

ETON Smt Stencil Machine ET-5235 can meet the PCB size up to 520mm x 350mm, with many high-performance and useful features, such as the lifting platform can be manually adjusted, the internal polarizer can automatically grab the mark points of different shapes, with dry, Wet, Vacuum Clean Stencils

Features

PCB transport and clamping system

Programmable is the transport speed control to make the stop more accurate;

Flexible side clips and segmented supports are used to ensure complete and flat contact between the PCB and the steel mesh

Stencil position system

Arch bridge type suspension hanging type scraper

scraper system

Programmable suspension self-adjusting stepper motor drive print head

Rail-type scraper system provides operational stability and extended service life

Operation Interface

Has a good man-machine dialogue function;

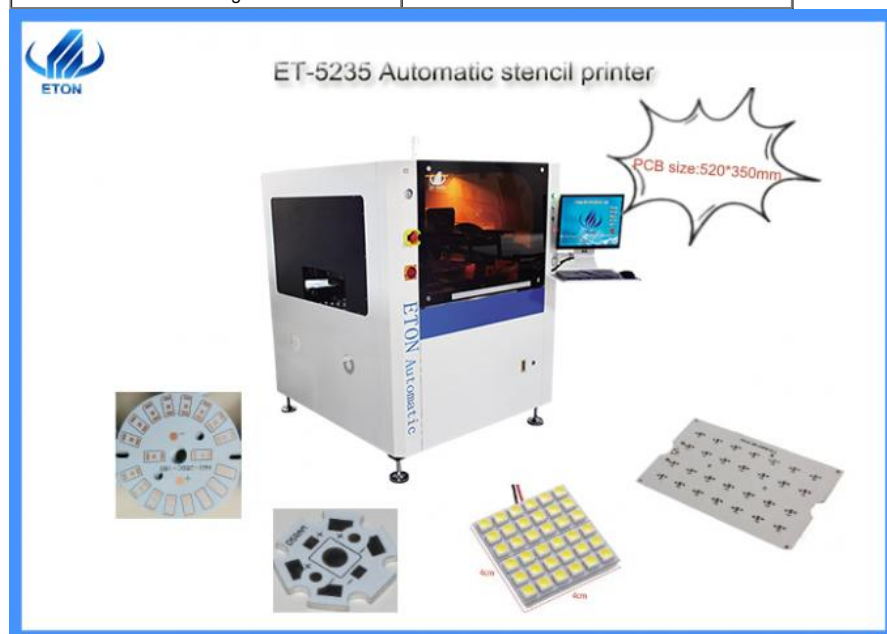

Program files with teaching and navigation functions

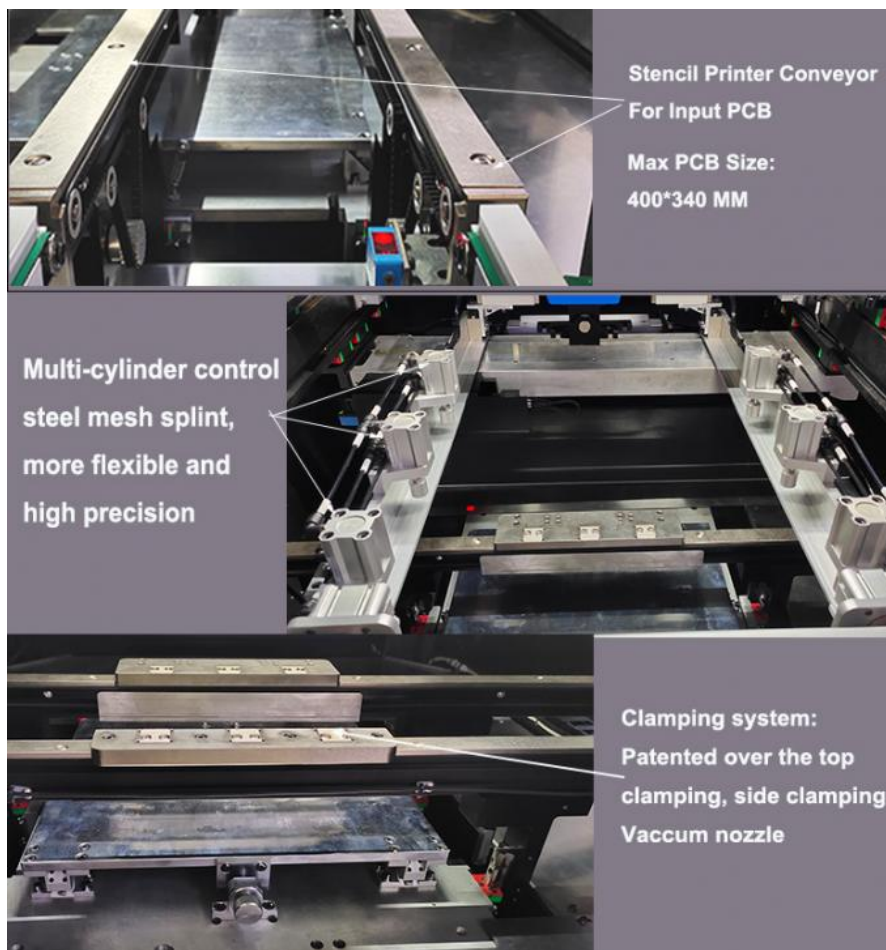

Image and optical system

The internal polarizer can automatically and accurately capture Mark points of different shapes

Parameter

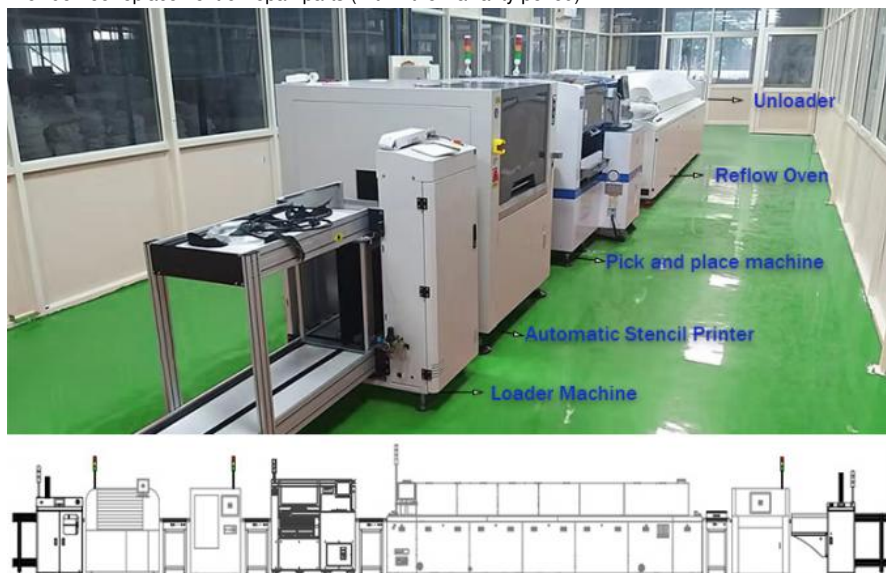

Screen frames(Max-Min)	737-470mm
Screen thickness	25-40mm
Max Pcb size	520*350mm
Squeegee speed	6-300mm/sec
Support system	Magnetic pin/up-down table adjusted by manual
Clamping system	Unique top flattened, side clamping
Cleaning system	Dry, wet, vacuum(programmable)
Pcb transfer overhead height	10mm

For production using SMT equipment, what can you offer me?

Provide you a whole smt line equipment and solution;
 Provide you an advice about how to set up the smt factory;
 Provide you technical support, for example: arrange engineer to your factory for free installation, debugging and training
 Provide lifetime free software upgrades
 Provide free replacement or repair parts (within the warranty period)

After-services

Arrange engineers to come to the factory to install, debug and teach free of charge;
 One-year maintenance period. During the maintenance period, any parts that need to be replaced or repaired are free of charge;
 Every year there is an opportunity for free machine maintenance
 Visit customers regularly to understand the usage of the machine and collect customer feedback.

FAQ

1.Are you a trade company or a manufacturer?

=>OEM & ODM service are available.

2.What is your delivery date?

=>The delivery date is about 30-35 days after receipt of payment.

3.What is your payment terms?

=>30% deposit in advance and 70% balance before shipment.

4.what can you buy from us?

=>A whole smt line equipment, such as: SMT Pick And Place Machine, PCB Loader Machine, Reflow Oven, AOI, PCB Conveyor

5.Do you have oversea after sale service?

=>We can provide technical support abroad. If you have any technical problems, our engineers will provide you with timely support. Abroad, we have India office, Indian engineer, Jerusalem office, engineer, Egyptian engineer, etc.

6. How is the training?

=>After purchasing our machines, you can send your engineers to our factory, or we send our engineers to your factory, and then we will train your personnel to operate these machines. Online training and video tutorials. During the epidemic, if our engineers can't make it through, we also have special one-on-one online training and video tutorials..
