

## Precision 0201 SMD Components SMT Mounting Machine 10 Heads 40000cph Speed

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: YT101S

### Product Specification

- Machine Name: 0201 Smt Mounter Machine
- Apply To: All Kind Of Pcba
- Speed: 40000 Cph
- Mounting Heads: 10 Heads
- Mounting Height: 20 Mm
- Feeder Station: 16 Pcs
- Highlight: smt mounting machine 10 heads,  
0201 Components smt mounting machine,  
0201 smt mounter machine

## Product Description

### 0201 SMD Mounter Machine

#### Machine features

New upgrade pick and place machine, it is using High-end integrated placement head, no need change mounting head and place all SMD components. Non replace modular head

High precision camera, the camera is using vision alignment, Tri-color lighting technology, could recognition mini components and IC pin

With automatic PCB board feeding conveyor system, suitable for from 50\*50-500\*350mm PCB size

Intelligent electric feeder, support double head intelligent electric tape reel feeder, by optically correcting the feeding position of the component. It can achieve stable, accurate and high-speed feeding.

#### Machine parameter

##### 1. PCB

Suitable for max PCB size is 500\*350mm, mini size is 50\*50mm

PCB using cylinder clamping, track width adjustable for clamping

The Rail 1 is fixed but other is flexible

The PCB thickness is 0.5-4.5mm

##### 2. Camera

The No.of camera is 2 sets digital camera, head flight vision recognition component, vision alignment, mark correction

##### 3. Precision

The repeat precision is  $\pm 0.02\text{mm}$ , support for 0201-40\*40 IC

##### 4.Component Range

Mini 0201-40\*40mm package and IC, apply to BGA, CSP etc.

Max mounting height is 20mm

##### 5.Mounting speed

The optical speed is 40000 CPH with 10 mounting heads

#### Machine application

Apply to mounting led chip, IC, transistor, Resistor, Capacitor, shaped components, VR, TSOP, CSP, QFP, SOP, etc  
Suitable for all kinds of driver board, PCBA design.

#### Service

Free machine install and training, easy on site service.

Free spare parts change during warranty

Free software upgrade
