

## 0402 SMT Pick And Place Machine LED Products Bulb Tube Panel SMT Mounter Machine

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

#### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-E8S-1200
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

#### Product Specification

- Warranty: 1 Year
- Condition: New
- Name: SMT Pick And Place Machine
- Applicable Components: 0402
- Mounting Speed: 45000 CPH
- Pcb Thickness: 0.5-5 Mm
- Highlight: 0402 SMT mounter Machine,  
LED Panel SMT mounter Machine,  
LED Panel Pick And Place Machine

## Product Description

Widely used for various LED products for bulb/tube/street/panel smt mounter Min.mount 0402 smt pick and place machine

### Machine main features

- 1)Single module magnetic linear motor multifunctional pick and place machine.
- 2)Mounting components: LED chip,capacitors,resistors,lens,IC,shaped components,etc.
- 3)Component: Min.size 0402. Max.height 15mm.
- 4)Application: power drive. electric board. Lens. DOB bulb. Linear bulb. Household appliance,etc.

### Application

E8S-1200 also can mount some complex components:LED, capacitors,resistors,IC,shaped components, etc.

The capacity of E8S-1200 is reach 40000-45000CPH.

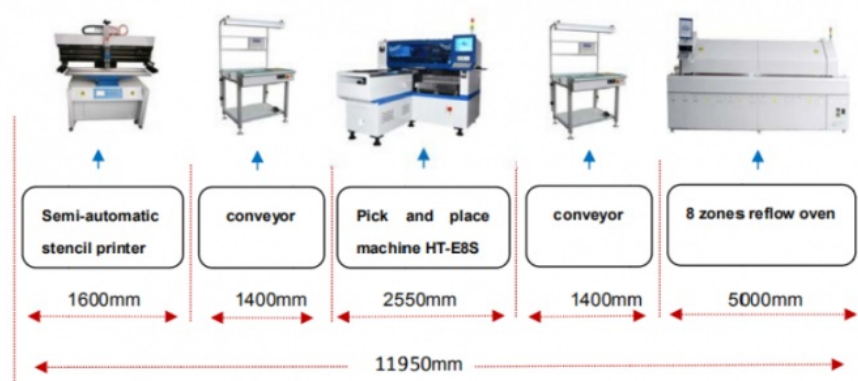

Production: DOB, home appliance control boards, power drivers, LED down-lights, LED bulb lights, LED panel lights, etc.

### Production parameter

Dimension	2550*1650*1550mm
Weight	1700KG
PCB size	Max.1200*500 Min.100*100mm
PCB thickness	0.5-5mm
PCB clamping	Adjustable pressure pneumatic
Mounting speed	45000CPH
No.of feeder	28PCS
No.of head	12PCS

### SMT production line

We have full range of pick and place machine production line equipment , So we have the professional suggestions for you to

build the production line.

Solder paste printer machine: The solder paste is Stencil printed on the PCB board through the Stencil of the printer.

Pick and place machine: Mount the electronic component at the specified position on the PCB.

Reflow oven: Melt the solder paste and fix it to the mounting element.

Single conveyor: Inspect the quality of assembly and welding to cushion the production line.

## Exhibition

Our company participates in many exhibitions at home and abroad every year,

You will see ETON's booth in some well-known large-scale exhibitions in China, including large-scale exhibitions held in Shenzhen, Guangzhou, Chongqing, Shanghai and other places.

Foreign exhibitions include exhibitions in more than 20 countries including Mumbai, Delhi, Egypt, Turkey, and Vietnam.

## Service

※ Maintenance period 1year

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

※ Software and hardware lifetime maintenance

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

※ Visit customers regularly and gather information

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

※ Provide latest information about technology and equipment

We give professional technology suggestion with our clients. And share the updates news to our clients

## FAQ

Q: How many machines sell in India ?

A: So far, we have hundreds machine sell in India.

Q: I don't know how to operate machine and will it required experience?

A: Our machine is very easy for operate, usually several days for training is enough and not required experience. Our engineers will come to the door for free installation and training, until your engineers fully learn how to operate the machine our engineers will leave

Q: I want to produce led bulb, do you have machine for that?

A: Yes, we could provide the whole SMT Machine for led bulb.

Q: How are the products packed for sea shipment?

Most of the products have their unique packing, Then we put them into a carton. The cartons are sealed with tape.

Q: How can you make sure that the products won't be damaged or wet?

We take multiple measures to protect the products. They are first packing with individual. We put them into a carton and wrapped with plastic film and sealed with tape to keep the cartons in position and protect them from water.
