## SMT production equipment LED pick and place machine HT-F7S for assembly PCB mounter

Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CE, CCC, SIRA
- Model Number: HT-F7S
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum adsorption, wooden packing
- Delivery Time: 30 days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

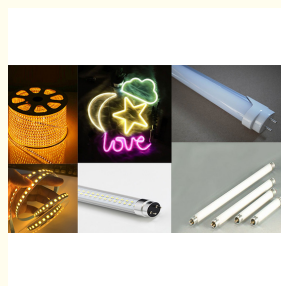

### Product Specification

- Warranty: 1 Year
- Condition: New
- Applicable Components: 0402
- Name: SMT Pick And Place Machine
- Mounting Speed: 150000-180000 CPH
- Pcb Thickness: 0.5-5 Mm

## Product Description

### SMT production equipment LED pick and place machine HT-F7S for assembly PCB mounter

#### Machine main features

1. Apply to the 0.6m,0.9m,1.2m rigid PCB and 0.5m,1m LED flexible strip.
2. Two mounting module, 17 nozzles for each mounting part, part A or part B can be mounted separately or synchronously.
3. Group to take and group to mount.
4. The mounting speed can reach 180000CPH.

#### SMT production line

ETON over 15 years experience in SMT machines, so we are very professional to provide whole line solution. Automatic stencil printer machine with pick and place machine, loader, conveyor, unloader, reflow oven, glue dispenser, stacking loader and Vibration plate and so on can be provided.

#### Specification

Length	2700mm
Width	2300mm
Height	1550mm
Total weight	1700kg
PCB size	Max:1200*330mm Min:100*100mm
PCB thickness	0.5-5mm
Mounting height	≤5mm
Mounting speed	180000CPH
No.of head	34PCS
Mounting precision	±0.02mm

#### Company profile

## SHENZHEN Office

## ETON Industrial Park

50,000 square meters

7 buildings

300 employees

assembly line

CNC workshop

Production line Exhibition hall

1. The top 1 brand in China.
2. We specialize in this field for 15 years.
3. We have more than 300 employee.
4. We have 52,000 square meters of industrial park.
5. We have local engineers and office in India and Egypt.

## Honor clients

We worked with many brands, and received a lot good reputations because of our excellent services and good quality products  
We cherish each opportunity to service for all our customers, aimed to a long term cooperation .

## Service

ETON as the biggest high speed pick and place machine in China, we are not only famous with high speed, but also famous with the good service . ETON set up office in different cities, like Shenzhen, Shanghai, Zhongshan, India Delhi, Turkey, Egypt, etc.

If you buy our machine, we provide free install and training for you, will sent engineer to your factory to install and training.

One year warranty, during warranty, any parts need to be repaired and replaced will be free.

Free upgrade software, software is Reach and develop by ETON, so we support whole lifetime free upgrade updates.

Visit clients regularly. We attend different exhibition in different cities every year, at the same time, we will visit local clients and support our service and collect and feedback customer suggestions in time.

And we also give professional technology suggestion with our clients.

#### **FAQ**

##### **Q1: What is your machine actual speed?**

A1: The actual speed is influenced by many factors, such as the number of the components, the kind of products, the time of send board, etc. So we can't give you the accurate actual production capacity. Such as for RT-1, the speed of led chip mainly around 23000-25000CPH. But for driver will be different.

##### **Q2: Does the price include spare parts(nozzle and feeder)?**

A2: Different client has different requirements on spare parts, it is not fair to clients to add in equivalent price for spare parts, so we don't add the spare parts on price. And price is only for machine.

##### **Q3: Can you support whole SMT line?**

A3: Yes, we can provide whole line solution if you want. We are very professional on SMT field.

##### **Q4: What is your machines quality?**

A4: We have our own industrial park. There are production centre and R&D centre and quality inspection centre to guarantee the machine quality.

##### **Q5: What is your delivery date?**

A5: The delivery date is about 20 days upon the full payment.
