

250000 CPH SMT Pick And Place Machine 68 PCS Feeders For LED Flexible Strip

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC/CE/SIRA
- Model Number: HT-F9
- Minimum Order Quantity: 1 set
- Packaging Details: vacuum packaging and wooden cases
- Delivery Time: 5~8 work days
- Payment Terms: L/C, T/T

Product Specification

- Warranty: 1 Year
- Name: SMT Pick And Place Machine
- Application: SMD Production Line
- Power Supply: 380AV 50HZ
- Weight: 1700kg
- Mounting Speed: 200000~250000 CPH
- Usage: LED
- Dimension: 2700*2300*1550mm
- Feeders: 68PCS
- Pcb Thickness: 0.5~5mm
- Highlight: Flex Strips SMT pick and place machine ,
68 PCS Feeders LED strip making machine ,
SMT Flexible LED strip making machine

Product Description

SMT pick and place machine LED flexible strip

Production Introduction

Dimension:2700*2300*1550mm

PCB size:1200*330mm

100*100mm

Mounting speed:250000CPH

No.of camera:5 sets

No.of head:68 PCS

No.of feeder station:68 PCS

Company profile

About the market:

85% of the large LED light production companies in China are our customers; we have offices, local engineers and showrooms in India, Egypt, Turkey, etc.

2. About the optimal capacity:

Our pick and place machine is suitable for different types of LED products, the fastest production capacity can reach 500000CPH.

3. About the certification:

Our machines currently have 132 patent certificates, such as: CCC, CE, SIRA, ISO, etc.

1

Service

What service can you provide?

I Free installation

I Free training

I Free consult

I Free software upgrade

2. Do you have sale service?

We have strict management system and sale service.

a. Pre-sale service:Every machine will be checked carefully before shipping out. Buyers should check the package once receiving.

b. Sale service:The professional sales recommends the right machine for you, and the engineers can help you to quickly understand the status of machine.

c. After-service: The complete machine has a warranty period of 12 months from delivery and lifetime maintenance service.We provide online Q/A and troubleshooting support and technical advice service. Provide one to one after-sale service.

FAQ

What is the difference between a semi-automatic production line and a fully automatic production line?

The biggest difference is their cost and labor, footprint. Fully automatic production line requires more cost, but does not require excessive labor and area. Semi-automatic production lines are the opposite

2. what can you buy from us?

Automatic stencil printer,semi-automatic stencil printer,SMT pick and place machine,reflow oven,conveyor etc.

3:What is your delivery date?

A:The delivery date is about 20 days upon the full payment
