

## led bulb PCB processing pick and place machine SMT production line

### Our Product Introduction

for more products please visit us on [smtmountingmachine.com](http://smtmountingmachine.com)

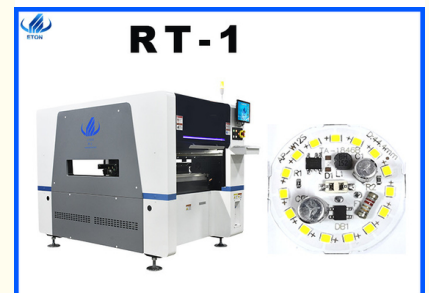

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC,SIRA,CE
- Model Number: RT-1
- Minimum Order Quantity: 1PCS
- Packaging Details: We use vacuum wooden box packaging
- Delivery Time: 5-8days
- Payment Terms: L/C, T/T
- Supply Ability: 50pcs/month

#### Product Specification

- Model: RT-1
- Length: 1200mm
- Width: 1930mm
- Height: 1500mm
- Total Weight: 2000kg
- PCB Size: Max:450\*350mm Min:80\*80mm
- No. of Feeders Station: 32PCS
- No. of Head: 10PCS

## Product Description

led bulb PCB processing pick and place machine SMT production line

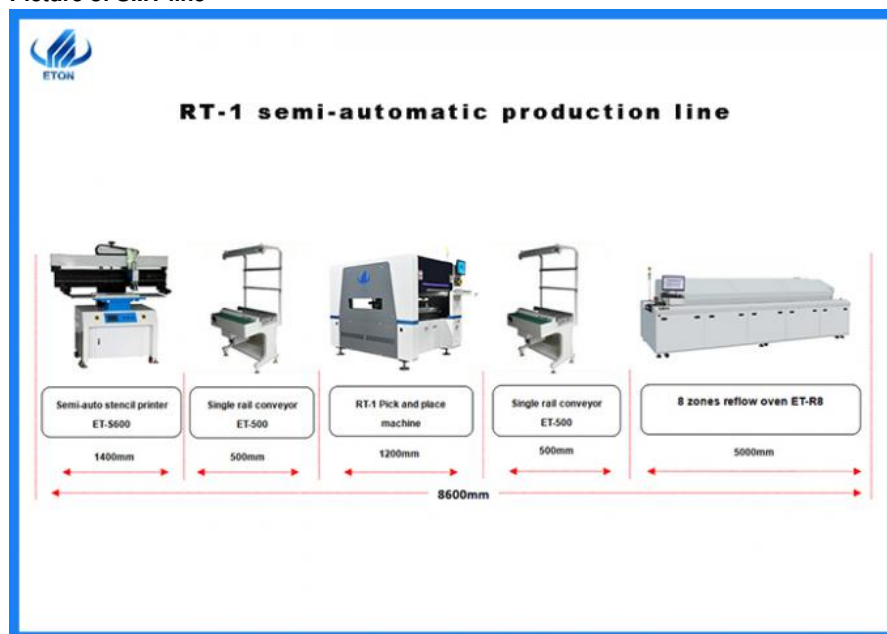

### LED bulb semi-automatic production line

Semi-automatic stencil printer--conveyor--pick and place machine--RT-1--reflow oven

### Whole smt line Equipment introduction

Equipment	Function
Stencil printer	Solder paste is missed on the pad of PCB
conveyor	It can buffer the PCB board to the next device
Pick and place machine	Mount the components to the designated position of the PCB board
Reflow oven	Melt the solder paste to make the components and PCB board adhere better

### Picture of SMT line

### Difference between semi-automatic production line and full-automatic production line

The semi-automatic production line is cheaper than the full-automatic production line and requires less space. The full-automatic production line is more expensive than the semi-automatic production line, but the production cost is more, and the space required is larger. The semi-automatic production line generally requires 2-3 people, while the full-automatic production line, when skilled, one person is enough.

### Package

Standard is plastic film wrap the LED SMT machine, then load into wooden container;

Wooden box packing can be customized.

30 days after 30% T/T prepayment, buyer should come to inspect when we do test running, after testing, pay the 70% balance before delivery.

#### FAQ

Q: How about the after-sale service? How about the warranty?

A: We have a team of professional engineers to solve your problems. Any parts that require repair and replacement are free of charge during the warranty period. We can also provide you with training and on-site installation, and support remote control of the machine, the machine uses Chinese and English interface, very easy to operate.

Q: Are you a trade company or a manufacturer?

We are an professional manufacturer specialized in Screen Printer, SMT Machine, Pick and Place Machine, Reflow Oven, SMT Production line and other SMT Products.

Q: What is your delivery date?

The delivery date is about 20 days upon the full payment
