

## Rope Lamp PCB Mounting Machine 100m Nonstop LED Strip Light Making Machine

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC
- Model Number: T9

#### Product Specification

- Machine Name: Rope Lamp Making Machine
- Model: T9
- No.of Heads: 68 Pcs
- Capacity: 68 Pcs
- Highlight: LED Strip PCB Mounting Machine,  
dual arm PCB Mounting Machine,  
100m strip light making machine

## Product Description

### Nonstop led strip light FPCB mounting machine

#### What are the best selling LED lights?

ETON is specialized in LED light manufacturing machines, our customers are the most famous LED factories in the world. Currently, the best-selling LED lights on the market are roll-to-roll LED strips, we have specially machine is for producing this lighting.

#### Flexible strip light machine dimension

1. Intelligent mounter machine, could be mounting 4 types materials at the same time, and available for 5M, 50M or any length of flexible strip and roll to roll with high capacity
2. Save much labor cost for factory, using less labor with same capacity, this module one hour capacity could be more than 1000Meters with only one or two labors, it is super high speed.
3. Using dual arm four model, 17 nozzles for each mounting part, part A or Part B could be mounted separately or synchronously.
4. With calibration automatically, high precision , available for RGB

#### Machine dimension

Machine name	Rope lamp led strip light making machine
Dimension	3100*2300*1550 mm
Total weight	1700 kg
PCB Length width	250mm*any length
Mounting speed	200000-250000 cph
No. of feeders	68 pcs
No. of nozzles	68 pcs
Components	LED3014/3020/3528/5050 and resistor, capacitor, bridge rectifiers etc

#### APPLICATION

T9 is professional for  
Rope Lamp SMT Pick  
And Place Machine  
One hour capacity  
More than 1000M  
Contact Joy:008613590151025

#### FAQ

1. What's the finished product of your machine ?

A: Our machine finished product is led FPCBA, seems the SMT Machine function is mounting SMD components on the FPCB , as fellow picture showing:

2.Is your machine produce waterproof led strip light?

A: Our machine finished product is the led strip light pcba, for waterproof will need the extraction machine, these are different technology

3.How could I operate these machines? I do not have experience worker

A: Machine is easy for operate, also we will sent foreign engineer to your factory for installation and training. Besides, also will support by the video training, remote control support, etc.
