

Mini SMT Solder Paste Mixer Equipment Single Phase 220v Solder Cream Mixer

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ETON
- Certification: CCC, CE, SIRA
- Model Number: Solder paste mixer
- Minimum Order Quantity: 1 SET
- Packaging Details: standard wooden box package
- Delivery Time: 15 work days
- Payment Terms: T/T
- Supply Ability: 50 sets per month

Product Specification

- Product Name: Solder Paste Mixer
- Dimension: 400*400*420mm
- Weight: 35kg
- Operation Voltage: Ac 550v 60hz
- Power: 60W
- Stir Two Cans Of Solder Paste At The Same Time: 500g
- Highlight: **60W Solder Paste Mixer Equipment,
SMT Solder Paste Mixer Equipment,
220v Solder Cream Mixer**

Product Description

No manual stirring required Mini SMT Solder Paste Mixer Equipment and Solder Cream Mixer

Brief introduce

Equipment for evenly mixing tin powder and flux paste

The solder paste mixer can effectively mix tin powder and flux paste evenly. Achieve more perfect printing and reflow results, save labor and standardize this operation, of course, without opening the can and reducing the chance of moisture absorption.

The machine features:

Maximum speed can reach 1000 rpm

When stirring, it is necessary to de-ice the solder paste beforehand;

Do not have to open the container;

Power single phase 220v;

No gas problem:

Does not destroy the shape of tin powder:

Fixtures are suitable for all kinds of 500g packaging solder paste cans;

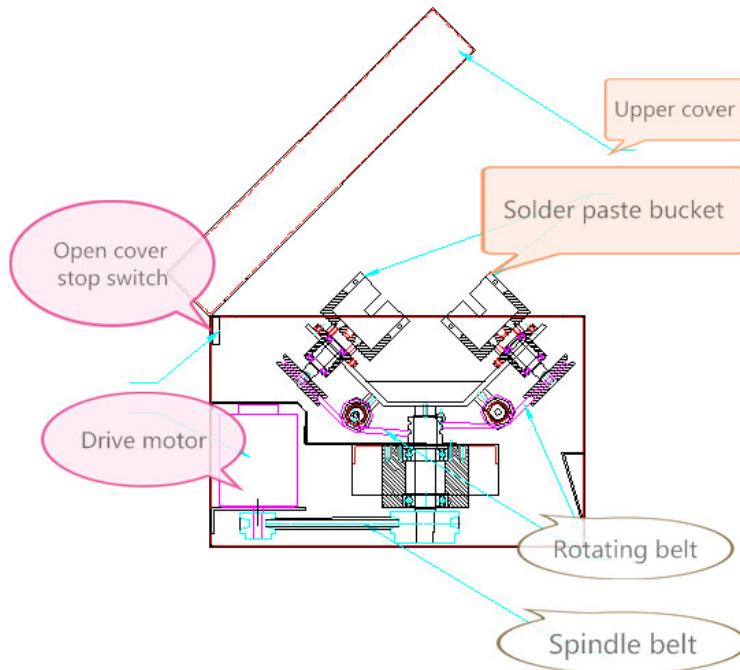

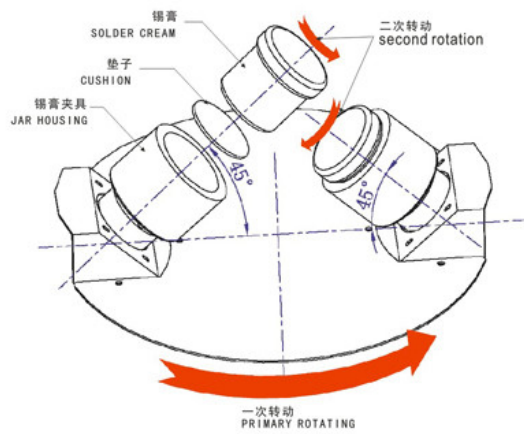

Mixing time can be set arbitrarily;

Has manual speed control function

Specifications:

Item	Solder paste mixer
Dimension	400x400x420mm
Weight	About 35KG
Operating Voltage	AC 220V 50Hz 60Hz >60W
Operating speed	Motor 1350 RPM revolution: 1000RPM Rotation: 500PRM
Working capacity	500 g. Syringe, red plastic tube, etc. the fixture can be customized.
Stir two cans of solder paste at the same time	500g
Stiring time	1-99 minute digitally adjustable
Operation method	Light touch button for easy operation
Fixture function	Universal fixture for all kinds of brand solder paste cans
Running noise	Low running noise <20dB

Operation method:

- 1: Open the top cover.
- 2: Open the lock of the fixture.
- 3: Put the solder paste cans that need to be stirred into the fixture. If you want to stir two cans at the same time, you can put one can in each of the left and right fixtures. If you only need to stir one can, you need to put the weighted solder paste cans configured by the manufacturer. Put into any of the fixtures.
- 4: Lock the latch of the fixture.
- 5: Close the top cover.
- 6: Press the START button to start the machine.

Company profile

About ETON

Founded in 2011, it is a manufacturing and process solution provider focusing on the research, production, sales and service of SMT high-speed placement machines and SMT peripheral automation equipment.

Company location
Headquarters in Shenzhen
Industrial Park in Jiangxi

Number of staff
More than 300 people,
R&D personnel over 50

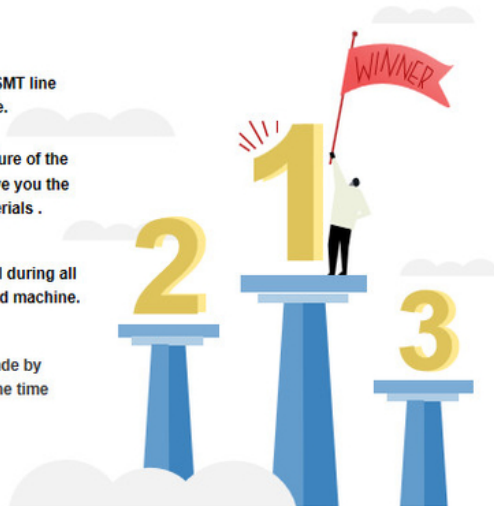

Market share
Domestic market > 89%
Overseas market : > 30 countries

ETON China SMT machine industry leader

Our advantage

-  **Efficient team:** The best suggestions of full SMT line equipment according to your budget and site.
-  **Competitive price:** We are directly manufacture of the ETON pick and place machine, so we can give you the best competitive price with high quality materials .
-  **High quality:** We have strictly quality control during all production from raw materials to the finished machine.
-  **High efficiency :** All machines parts are made by ourselves, so it's convenient to control the time schedule and quality timely.

FAQ

Q1: How's the package?

A1: Wooden Boxes

Q2:The rotation speed can be adjusted?

A2:Yes,It can be adjusted.

Q3:The machine uses 500ml containers or 300ml capacity?

A3:Our machine uses 500ml

Q4:If we just use one container, do we require counter weight for unbalanced load?

A4:While stirring one solder paste, we will give you a counterweight. You need to put the counterweight into it.
