Solar Panel Lamp LED Lamp Making Machine 45000 Cph Adjustable Pressure Pneumatic

Our Product Introduction

for more products please visit us on smtmountingmachine.com

Basic Information

- Place of Origin: China
- Brand Name: ETON
- Certification: CCC
- Model Number: HT-E8S-1200

Product Specification

- Machine Name: Led Solar Panel Smt Line
- Machine Heads: 12 Pcs
- Machine Speed: 45000 Cph
- Machine Weight: 1700kg
- Highlight: mark correction LED lamp making machine,
45000 cph LED lamp making machine,
CCC LED lamp making machine

Product Description

LED Solar panel lamp making machine

Key words

LED Lamp/LED Solar panel lamp/Led lamp making machine/Solar panel lamp making machine/SMT machine/SMT production line/Panel lamp making machine

Machine function

Machine name	Pick and place machine
Machine function	Using 12 mounting heads mounting components on the pcb
Speed	45000 chip per hour

Machine parameter

1. Machine operat system

Using Windows7 system, the software is Reach and develop independently

2.Machine PCB application

Suitable for 0.5-5mm hard motherboard or flexible strip fpcb

Max size is 1200*500mm, mini size is 100*100mm

Using adjustable pressure pneumatic for pcb clamping

3.Vision system

We using 2 sets of imputed camera, vision flight identification, mark correction

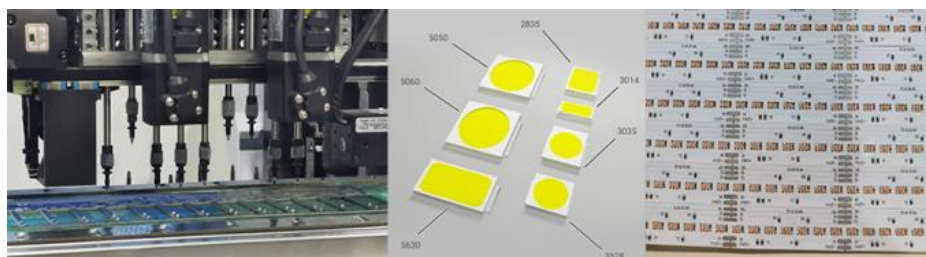

The max mounting height is 15mm,could automatic change the mounting height

LED solar panel lamp manufacturing step

Panel lamp is consist of different parts, for the led lamp board and the driver board could using SMT Machine assembly pcb with components, and then assembly different skd together.Before packing here will need aging test !

Why the panel light manufacturing is important?

For led lamp , the led lamp board manufacturing is important, cause it is directly depend the lighting quality and the lifetime. Only guarantee good quality for the lighting board then could have the whole lamp good quality

Picking Components on PCB, Final product PCBA---LED Light board

FAQ

1. Could you introduce more led lamp manufacturing smt line?

A: Yes, ETON is famous at led lamp industry with the highspeed capacity. Like for roll to roll 100M led strip light, client using the line we design, could reach 1000-2000M strip light per hour. And for DOB bulb, using our 2+1 line design could have the real capacity more than 1500 bulbs per hour. For the lamp you want to make, please tell us the details, then we will make the good design for you !

2.I am the trader, imported skd from China before, but now I want to start manufacturing by myself, may I know what is your cheapest price for the whole line ?

A:Thanks for your inquiry, for the cheapest price whole line, please tell me what is your main product for manufacturing, then we could recommend the best price smt line for you !
